SPECIAL ORDER—2:00 P. M.

Public hearing for consideration and action on proposed Cooperation Agreement between the City and County of San Francisco and Housing Authority of the City and County for development and administration of a low-rent housing project or projects of not to exceed in the aggregate 2,500 dwelling units.

File No. 343-64

S. Lee Vavuris, Counsel for the Housing Authority, and Mr. John W. Beard, Executive Director, appeared on behalf of the Authority

to answer questions presented by the Board members relative to the Cooperation Agreement.

Supervisor Francois proposed that an amendment be included in the Cooperation Agreement expressing policy of this Board as being in favor of scattered housing, and calling for a maximum amount of such housing under the terms of the Agreement. He indicated that he was suggesting this amendment now because it was his understanding that the next time a proposal from the Housing Authority would be before the Board would be when a particular site had been selected by the Authority and was submitted to the Board for approval.

In this connection, Supervisor McCarthy indicated that he understood the Housing Authority was going to extend an invitation to the Board members to review its proposal on policy with the Authority. He suggested that the matter of site locations might be a subject of discussion at that time. He also stated that in addition to site locations he had certain specific policy proposals, which he considered feasible, to discuss within the next few weeks so that a general policy could be submitted for Board consideration and possibly sent to the Authority for its guidance well in advance of any site selections. With the understanding that this would be done, Supervisor Francois withdrew his proposal for amendment.

Following the presentation by the Housing Authority representatives and questions by Board members, the Chair inquired if there were anyone present who wished to comment on the proposal. There being no response, the Chair declared the hearing concluded.

Adopted as Amended.

The following from Finance Committee was taken up:

Approving the application of the Housing Authority for preliminary loan for low-rent public housing, approving the development, construction and ownership of a low-rent housing project or projects of not to exceed in the aggregate 2,500 dwelling units; and approving the form of cooperation agreement between the City and County and the Housing Authority, and authorizing execution thereof.

SPECIAL ORDER—2:00 P. M.

Presentation of Progress Report by Mayor's Market Street Coordinating Committee and its Advisory Subcommittee, and the Bay Area Rapid Transit District, on the subject of planning and improvement of Market Street.

File No. 297-61

Mr. Adrien Falk, President of the Board of Directors of the Bay Area Rapid Transit District, reported that the District's relations with the City have been and are excellent, but they are still awaiting a decision on the matter of relocation of utilities under Market Street, and until this is forthcoming there is nothing the District can do except go ahead with its own work. He indicated that the District is anxious and willing to accept any plans of the City's experts provided they are practical. He stated that the District's engineering specifications are scheduled to be completed this Fall, with bids to be advertised for in October and construction to be started in January of next year.

Mr. S. M. Tatarian, Chairman of the Market Street Coordinating Committee, reported that since December 7th the Market Street Task Force has continued its study of the problem of relocating utilities

under Market Street, and has evolved four possible schemes for accomplishing this objective, each of which has certain advantages as well as disadvantages. He indicated that Schemes "E" and "B" would place mezzanines directly under the street surface, allowing easy and direct access to basements of fronting properties, but necessitating relocation of utilities under the sidewalk area on each side of the street, in the areas now occupied by existing subsidewalk basements. He described Schemes "C" and "D" as allowing the top of the mezzanine to be located approximately five feet below the street surface with the intervening area occupied by utility lines. Scheme "C" would generally relocate utility lines in the subsidewalk area and in a portion of the street area near the curbs, on either side of the street, providing for a slot fifteen feet wide down the center of street above the stations, which would allow light and air into the mezzanine area. Plan "D" would relocate utilities generally in the center portion of the street, allowing for placing of openings near the curb line to allow light and air to enter at the sides of the mezzanines.

Mr. Tatarian reported that on January 8th an agreement was signed between the City and a Joint Venture of Mario Ciampi and John Carl Warnecke, as architect consultants, to be charged with the preparation of basic plans for Market Street within a five-month period. Mr. Tatarian stated that to fill the gap between technical recommendations and policy determination the Mayor was establishing a Market Street Advisory Board composed of the President of the Board, the Chief Administrative Officer, Controller and Manager of Utilities, as well as a member representing community interests.

Questions by Board members to Mr. Tatarian elicited the information that the operation of the Municipal Railway on Market Street would continue during the construction period; that he anticipated the Advisory Committee will make a selection of a plan for relocation of utilities after the consulting architects have reviewed the proposals and made a recommendation thereon to the Committee; that the Advisory Committee, in turn, would then make its recommendation to the Mayor and the Board of Supervisors. Mr. Tatarian indicated that the Consultants were aware of the mid-March deadline set by the Bay Area Rapid Transit for receipt of this decision.

At the conclusion of the hearing the Chair requested that the date of March 15, 1965, be set as the time for presentation of the next progress report on this subject.

No objection and request *granted*.

Taken Up Out of Order.

Reference to Committee.

There being no objection, at the request of Supervisor McCarthy, permission was granted for introduction out of order of the following proposed resolution:

Declaring official policies of the Board of Supervisors regarding the future of Market Street.

File No. 297-61, Resolution No.

Referred to Rules Committee.

Thereupon the Board resumed consideration of calendar items in the order in which they appeared therein.

The Chair informed representatives of appellants in the following special orders of business, appeals from decisions of the City Planning Commission denying applications for rezoning, that inasmuch as there was not a full Board membership present today, consideration could be continued for one week if they so desired. In each instance attorneys for the appellants (Yale H. Smulyan—File 462-64, and James Martin MacInnis—File 90-65) indicated they wished to proceed with the hearing of the appeal today.

Hearing Held.

File No. 90-65-2, Resolution No. 71-65.

Supervisor Francois, seconded by Supervisor Ertola, moved adoption.

Explanation of Vote.

Therefore, he urged an "aye" vote on the measure before the Board.

Explanation of Parliamentary Procedure.

The Chair explained the parliamentary procedure as follows: "An 'Aye' vote will disapprove the decision of the City Planning Commission and permit the change of use classification of subject property located on portions of Parnassus, Hill Point and Hillway Avenues, and will allow a conditional use of a portion of said property; a 'No' vote will approve the decision of the City Planning Commission and deny the applications for rezoning and conditional use; it requires eight 'Aye' votes to disapprove the decision of the City Planning Commission.

The Chair asked if any members could attend the subject meeting and Supervisors Ertola and Moscone signified their intention of doing so. The Chair stated that attendance of any additional members who found they were able to go would be appreciated.

Communication filed.

Hearing Held.**SPECIAL ORDER—2:00 P.M.****Presentation of report on status of Ferry Park Project by the Department of Public Works.**

File No. 144-64.

Mr. James R. McCarthy, Director of Planning, began the presentation by outlining the history of events involved in the planning and development of the Ferry Park Project.

Mr. S. Myron Tatarian, Director of Public Works, continued by explaining that the City had entered into an agreement with the architectural consultant firms of Lawrence Halprin, John S. Bolles and Mario Ciampi for development of a basic plan for the park in a 4.04 acre parcel of land at the foot of Market Street in the vicinity of the Ferry Building (identified as the Embarcadero Plaza) as well as an overall comprehensive plan for future development of a larger area to include Port Authority land extending into the area of the Golden Gateway on either side of the freeway off-ramps on Clay and Washington Streets. Mr. Tatarian then introduced Mr. Ciampi and Mr. Halprin, who by means of a model of the area and photographic slides illustrated the designs which they had produced.

Mr. Tatarian indicated that up to now the architects had been working on the preparation of the schematic drawings which were presented today, and that the next phase of the project would be the preparation of working drawings for actual construction. He stated that the purpose of today's presentation was to acquaint the Board members with what had been done and to hear expressions of opinion from them before the next agreement was entered into for preparation of the working drawings.

Thereupon the Board members presented questions concerning the project, the costs thereof, and its relation to the surrounding areas, to Mr. Tatarian, Mr. Ciampi, Mr. Halprin and Mr. M. Justin Herman, Executive Director of the Redevelopment Agency.

Mr. Tatarian concluded his remarks by informing the Board members that preparation of the working drawings would require about six months, and that actual construction could start within eight or nine months.

At the conclusion of the presentation the Chair thanked the consultants and the City representatives for their participation, and consideration of the Board's regular Calendar of matters was taken up.

File No. 82-65-2, Ordinance No.

Explanation of Vote.

Supervisor Morrison stated it was the understanding of the majority of the members of the Finance Committee that their recommendation of the subject appropriation and the next following salary ordinance amendment, its companion measure, in no way committed them to approval of any future proposed intermediate consolidation of classes of employment in building inspection services.

Supervisor Tamaras stated that while he dissented in Committee, he had since given the proposal further careful study and was assured that no Health Department inspection positions were involved in

the subject measures, and he therefore would vote for them, with the reservation specified by Supervisor Morrison.

Supervisor McCarthy stated that his dissent in Committee in no sense was a vote of opposition to consolidation of the subject classes of Building Inspector, but he could not agree with the policy of gradual transfer of the functions of various classes of Health Inspectors to the Department of Public Works, which he felt was the purpose of this legislation.

Passed for second reading by the following vote:

File No. 270-64-2, Ordinance No.

Statement and Proposed Amendment by Supervisor Peter Tamaras, Chairman of the Governmental Services Committee.

As submitted by the Civil Service Commission, the Salary and Wage Survey dated January 28, 1965, proposes salary increases for 1,126 classifications, which include 11,251 permanently established positions. The estimated annual cost of the increase is \$3,692,531, including retirement costs, to which must be added the cost of vacation and other benefits.

Proposed amendments to the compensation schedules and the administrative provisions of the Salary Standardization Ordinance are placed before you today by the Governmental Services Committee, for reference to the Civil Service Commission. They include amendments offered by or on behalf of 621 classifications out of the total of 1,126 classifications, proposing increases beyond the salaries recommended by the Civil Service Commission.

On behalf of the Governmental Services Committee and as recommendations thereof:

I offer as proposed amendments to said schedule of compensations all written requests for adjustment supported by necessary written data filed with this Board. I move that such data, tentatively considered by this Board as warranting such proposed amendments, be transmitted to the Civil Service Commission for review and analysis, and report thereon to this Board not later than February 24, 1965. At the same time, the Commission shall submit a report as to what other changes, and the cost thereof, such proposed amendments would require to maintain an equitable relationship with other rates in said schedule.

For the purpose of this motion, the highest salary rate or range requested for each particular classification in said data is hereby proposed as an amendment to said schedule of compensations. The Clerk of the Board is hereby authorized and directed to tabulate such requested rates or ranges of salary and transmit such tabulation to the Civil Service Commission together with such data.

Additionally, the Clerk shall transmit to the Civil Service Commission, for similar report and recommendation, such data as have been duly filed with the Board in support of requests for amendments to the administrative provisions of the Salary Standardization Ordinance.

I further move that consideration of the proposed ordinance be continued until March 1, 1965, and that the Governmental Services Committee in the interim continue to consider proposed amendments to the ordinance, for consideration by the Board on March 1, 1965.

File No. 270-64-2, Ordinance No.

Motion.

Supervisor Tamaras, as a recommendation of the Governmental Services Committee, and as a substitute for the amendments proposed by the Board of Supervisors on February 15, 1965, to the schedule of compensations submitted by the Civil Service Commission on January 29, 1965, and revised by the Commission on February 24, 1965, moved that the compensations set forth in the Governmental Services Committee recommendations be approved and adopted; that the schedule of compensations so amended be included in File No. 270-64-2, the Salary Standardization Ordinance of 1965 pursuant to Charter Sections 151 and 151.1; and that the amendments to the administrative provisions of said Ordinance, recommended by the Governmental Services Committee and hereinafter more specifically set forth, be approved, adopted and included in said Ordinance, seconded by Supervisors Moscone, Boas and Ertola.

**Statement by Supervisor Tamaras Relative to
Salary Standardization Ordinance.**

Your Governmental Services Committee presents to you today its recommendations in connection with File No. 270-64-2, the Salary Standardization Ordinance of 1965 for Miscellaneous Employees pursuant to Sections 151 and 151.1 of the Charter.

General Classification Survey: Incorporated in the Salary Standardization Ordinance for 1965 are new numerical classification designations for existing alphabetical classifications where no status problems are involved. Where status problems are involved the existing alphabetical-numerical designations have been retained. When those problems have been resolved, it is anticipated that numerical designations solely will be assigned all classes of employments.

Administrative Provisions: The Civil Service Commission has considered and decided upon numerous and varied requests for amendments to the administrative provisions of the Salary Standardization Ordinance, affecting working conditions of the employees involved.

Culminating its considerations the Commission has forwarded to the Board of Supervisors the administrative provisions as recommended by the Commission. A copy is before each Board member, accompanied by a letter of explanation of the recommended deletions, additions, and revisions.

The Governmental Services Committee studied intensively these administrative provisions, giving careful attention to representations made both verbally and in writing by interested individuals and representatives of organizations. As a result, the Committee recommends that the Board approve and adopt only the amendments to the administrative provisions of the Salary Standardization Ordinance appearing in the copy before you. Any additions or deletions proposed by the members would have to be the subject of an appropriate motion.

Briefly, the changes recommended in the administrative provisions are as follows:

- (1) Sec. III (d). Provides that employees in classifications of School Luncheon Room Helper (female) and School Luncheon Room Helper (male) shall be paid not less than an average of two hours per work day in each payroll period.
- (2) Sec. IV (f). Provides that employees who have completed approved college level electronic computer training and assigned

to the Central EDP Project, after satisfactorily completing three months on the job as a member of the project staff may be paid 7½% above the amount to which they are otherwise entitled.

Sec. IV (g). Provides that employees of sewage treatment plant assigned to work in certain designated areas, shall be furnished free of charge with protective clothing, uniforms or work clothes, and laundry.

Sec. IV (h). Provides that employees in the classification 3284, Recreation Director, shall receive 6¼% night differential for shifts starting at or after 1:00 p.m.

- (3) Sec. V (b). Provides that an employee subject to this Section shall not receive overtime pay until he has completed eight hours actual work on any shift or 40 hours per week.
- (4) Sec. VII (a). First paragraph. Permits an employee who has served the required time to be appointed to a position in a promotive class without serving at least one day at the higher step in the salary range.

Sec. VII (a). Second paragraph. Provides that employees who have completed a probationary period or six months of permanent service shall be eligible for the next higher increment step.

Sec. VII. (b). Clarifies language to provide that an employee promoted at a later date will not receive a higher salary than an employee promoted from the same class at an earlier date, provided that both employees were in the same salary step at the time of promotion.

Sec. VII (b). Clarifies language to provide that an employee non-civil service, temporary civil service, or temporary limited tenure.

Sec. VII (c). Fourth paragraph. Liberalizes Section by extending provisions to include appointment to another classification without loss of salary increments based on prior service.

Sec. VII (c) Fifth paragraph. Refines language by deleting the word "release" and substituting in lieu thereof the word "resignation."

- (5) Sec. IX (a). Adds the following classes to list of classes who shall advance to successive steps upon completion of six months service in each step:

2308—Surgical Aide
2506—Central Supply Room Aide
7331—Instrument Maker

It is the recommendation of your Governmental Services Committee that such proposed amendments to the administrative provisions of the Salary Standardization Ordinance be adopted, and therefore they are included in the comprehensive motion for amendment with which I opened these remarks.

Schedule of Compensations: The Governmental Services Committee presents to the Board its recommendation for amendment of the schedule of compensations. The members of the Committee have made their recommendations with a full awareness of the needs of the community, the services rendered by the employees, the require-

ment for maintenance of equitable relationships, and the provisions of Charter Sections 151 and 151.1, as well as the property tax base.

Particular attention is directed to the fact that the Civil Service Commission has included in the ordinance a modified compensation plan, consisting of 56 schedules of 5 steps each.

Each schedule number represents a 2½% increase above the next lower schedule number and each full schedule (Schedule 21 compared with Schedule 20) represents a 5% increase above the next lower schedule. In comparing the modified schedule plan with the schedule plan now being used, it will be noted that the same schedule number in the new plan is approximately 1% lower than the same schedule number in the existing plan. In the application of the new plan to each individual classification of positions, the increase of one full schedule in each classification represents approximately 4% over the present compensation.

The miscellaneous employees of the City and County of San Francisco, those covered by the Salary Standardization Ordinance before you today, number 11,261, divided into 1,130 classifications.

I quote the following tabulation showing, generally and approximately but as accurately as possible, the increases provided for miscellaneous employees in 1964 and those which this year are recommended by the Civil Service Commission and/or Governmental Services Committee:

Classes and Positions Recommended for Increases by Civil Service Commission:

	Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
1964	\$1,016*	10,592*	\$3,167,303	\$316,730
1965	1,130**	11,261**	3,366,781	336,678

*198 classes, 703 positions not included for increase by Civil Service Commission.

**All classes and employments recommended for increase.

Classes and Positions Recommended for Increases by the Governmental Services Committee Additional to Those Recommended by the Civil Service Commission:

	Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
1964	244	3,734	\$ 616,896	\$ 61,689
1965	179	1,639	313,956	31,395

	Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
Total 1964 ..	1,091	11,015	\$3,784,199	\$378,419
Total 1965 ..	1,130	11,261	3,680,737	368,073

It is to be emphasized that the total costs involved will not necessarily be reflected in the forthcoming fiscal year's budget total. Many of the employees affected have not yet, nor will they in the next succeeding fiscal year or possibly three fiscal years attain the maxima of their respective salary ranges.

Your Governmental Services Committee, Supervisor Roger Boas, Supervisor Joseph M. Casey, Supervisor John A. Ertola, Supervisor George R. Moscone, and the writer, has held a considerable number of meetings, during daytime, evening, and holiday hours, in order to give mature deliberation to the important matter of salary standardization. It has conducted an exhaustive study of the data submitted by the Civil Service Commission, individual employees, other interested persons, and organizations. The counsel of all members of the Board was cordially invited at any or all of those meetings,

and the Committee welcomed that which was offered. It was particularly encouraging to note that most of the other Board members were in attendance at one or more of our meetings.

The Committee members are grateful for the full measure of advices which their Board colleagues so cooperatively offered.

Thereupon the roll was called on the motion to amend and it was *carried* by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, Moscone, Tamaras, Tinney—9.

The following from Planning and Development Committee was taken up:

(Supervisor Boas dissenting in Committee.)

Requesting the Redevelopment Agency to include the Portsmouth Corridor in its Rapid Transit Corridor Study with the view of establishing a Chinese Cultural and Trade Center on the site known as the Old Hall of Justice.

File No. 722-60-7, Resolution No. 124-65.

Supervisor Francois, seconded by Supervisor Morrison, moved adoption.

Explanation of Vote.

Supervisor Boas explained that while he had favored the plan rejected by the Board two and a half years ago, i.e., to include this property in the redevelopment area known as the Golden Gateway, he did not now feel that further delay in disposing of the property was advisable, especially in view of the many existing problems of the Redevelopment Agency in merchandising other large parcels of real estate which it now holds.

Supervisor Ertola urged that the subject property be sold to private developers so that the Vallejo Street Police Station might be built as soon as possible with proceeds from such sale. He stated that he felt delaying sale of this property constituted a breach of faith with the voters who, in the ballot arguments of the 1956 election favoring the New Hall of Justice bonds, were promised savings to the taxpayers which would result from disposal of the Old Hall of Justice property.

Motions to Amend.

Supervisor Tamaras, seconded by Supervisor Francois, moved that the subject resolution be amended to provide that the date of December 31, 1965, be established as a time limit for completion of a plan by the Redevelopment Agency for use of the Old Hall of Justice site.

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, Moscone, Tamaras, Tinney—9.

Absent: Supervisors Casey, McMahon—2.

Supervisor Francois, seconded by Supervisor Morrison, moved that the resolution be further amended to provide that the Redevelopment Agency be urged to commence forthwith tentative marketing discussions and negotiations with prospective purchasers and developers of the site so that the property might be disposed of as soon as possible after a feasible plan of development had been determined upon and approved.

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, Moscone, Tamaras, Tinney—9.

Absent: Supervisors Casey, McMahon—2.

Thereupon the roll was called, and the resolution, as amended, was adopted by the following vote:

Ayes: Supervisors Blake, Francois, McCarthy, Morrison, Moscone, Tamaras, Tinney—7.

Noes: Supervisors Boas, Ertola—2.

Absent: Supervisors Casey, McMahon—2.

Supervisor Boas called attention to legislation pending before the Governmental Services Committee of which he is a member, which would amend the Fire Code to limit the scope of automobile repair work permitted in service stations. He indicated that the opinion of the City Attorney which he requested on the subject of whether or not he had a legal right to vote on the matter in view of the fact his automobile agency performs a large amount of repair work, was somewhat equivocal, but specified he had a legal right to vote thereon. Supervisor Boas stated further study of the proposal had caused him to decide he might properly be excused from voting on the measure, and, therefore, he intended not to vote on it in Committee, and, further, to ask to be excused from voting when it came before the full Board.

Mr. Alan S. Hart, District Engineer, State Division of Highways, assisted by members of his staff and Consultant Landscape Architect Edward Williams (of the firm of Eckbo, Dean, Austin and Williams), presented a report of the Division's findings with respect to Interstate Highway Route No. 480, designed to connect the Golden Gate Bridge with the San Francisco-Oakland Bay Bridge. Mr. Hart indicated that the Division of Highways' report was intended to show the possible alternate routes without preference, and he expressed appreciation for the cooperative assistance of the City's staff in its preparation.

Mr. Hart described the possible routes beginning at the Broadway off-ramp of the Embarcadero Freeway and traversing the northern waterfront area through North Beach, Cow Hollow and the Marina District, and under or around Telegraph and Russian Hills. He indicated there were two main corridors in the study: The "F" Line from Broadway to the Embarcadero, around North Point and Bay Streets, up to and around the outer edge of the Marina, and the "G" Line, consisting of tunnels under Telegraph and Russian Hills and continuing via Greenwich Street to the Golden Gate Bridge approach. Mr. Hart also described possible variations of alignment of the main routes through combinations of segments thereof.

Mr. Hart's presentation included illustrated descriptions of the alternates contained in the printed copy of the Division of Highways' report, dated March 8, 1965, which was furnished to all Board Members, and he emphasized that it was the Division's desire to provide a transportation facility which was compatible with the existing areas of San Francisco through which it was routed, and which would preserve and reinforce community values.

He concluded by announcing that the Division would hold its first public hearing on the proposals contained in the report at 10:00 a.m., April 8, 1965, in Nourse Auditorium. (During the discussion period which followed, Mr. Hart tentatively changed the date to April 9, 1965, in order to avoid conflict with presentation of the Community Renewal Program Report before the City Planning Commission, which had also been set for April 8th.)

The Chair expressed the Board's thanks to Mr. Hart, Mr. Williams and the Division of Highways' staff members, and assured them that the enthusiastic efforts afforded to the study of this project was appreciated.

Division of Highways' report *referred to Joint Transportation and Planning and Development Committee.*

SPECIAL ORDER—2:00 P. M.

Presentation of Progress Report by Mayor's Market Street Coordinating Committee and its Advisory Subcommittee, and the Bay Area Rapid Transit District, on the subject of planning and improvement of Market Street.

File No. 297-61

Chief Administrative Officer Thomas J. Mellon read to the Board a communication from his Honor, the Mayor, transmitting the recom-

mendation of the Market Street Advisory Board that Market Street Subway Plan 2A be the minimum official policy of the Advisory Board, with the understanding that all involved will continue and intensify efforts to adjust differences relative to utility placement so as to approach Plan 4A without causing delay in the Bay Area Rapid Transit District's construction schedule; and a copy of the Market Street Executive Committee resolution recommending to the Advisory Board that Plan 4A be adopted in principle, but that if cost and construction time estimates cannot be substantially resolved, finding acceptable and recommending to the Advisory Board Plan 2A, in principle.

Director of Public Works S. Myron Tatarian distributed copies of Market Street Design Report No. 1, Structure and Utilities Comparison, prepared by Mario J. Ciampi and Associates, Architects and Urban Consultants, and John Carl Warnecke and Associates, Architects and Planning Consultants. Mr. Tatarian then gave a brief report on the activities and discussions leading to the recommendation of the Market Street Advisory Board.

Thomas Creighton of John Carl Warnecke and Associates, in answering questions of the various members of the Board, discussed the above-mentioned report and explained that the task of the consultants in this first phase was to report on the advantages and disadvantages of the various locations and relocations of utilities and the effect these relocations would have on the height of the subway mezzanines.

Mr. S. G. Worthington, Division Commercial Manager, Pacific Telephone and Telegraph Company, informed the Board that it appears to the company advisable to remove their utility lines from Market Street and relocate them in another street. The company anticipates that this relocation work can be carried out in consonance with BARTD's construction timetable.

Adrien Falk, President of the Board, Bay Area Rapid Transit District, stated that the cost of construction of the rapid transit system must be kept within the funds available to the District. Plans were drawn so as to accomplish this. If San Francisco wishes to make changes which will increase costs beyond the funds available to the District, it will be necessary for the City to pay that additional cost. In regard to the differences in estimates of the cost of Plans 2A and 4A, Mr. Falk continued that the District must rely on the computations of its engineers who have worked on these problems for years.

Mr. B. R. Stokes, General Manager, Bay Area Rapid Transit District, stated that long hours had been spent in attempting to resolve the differences in assumptions and engineering judgments as to cost and time factors. Mr. Stokes and his staff consider Plan 2A as a minimum plan. A meeting has been arranged for all City department heads and utility company representatives to attempt to meet the Advisory Committee's instruction to do everything possible to improve Plan 2A within the allotted time schedule.

Mr. John E. Everson, resident partner with Parsons, Brinckerhoff, Quade and Douglas, consulting engineers, and Mr. Isadore Thompson, consulting structural engineer to the City's urban design consultants, in responding to questions by Supervisors Morrison, McCarthy and Francois, presented their conclusions as to the difference in cost and time required between a cut-and-cover and a tunneling method of construction.

Supervisor Morrison, seconded by Supervisor Ertola, moved that the matter be taken into the hands of the Board.

No objection and motion *carried*.

Supervisor Moscone questioned Deputy City Attorney Norman S. Wolff concerning existing use of Market Street sub-sidewalk space by the owners and tenants of real property fronting on Market Street and requested that if the hearing on this matter be continued beyond this day's hearing that the City Attorney's office furnish additional information as to procedures and estimates as to the amount of time which would be required to have such sub-sidewalk premises vacated.

Supervisor Morrison stated that after hearing the testimony he was not convinced that the Board should accept Plan 2A as a minimum. He continued that it is conceded that both water mains will be moved off the street. The telephone company has stated that its lines will be relocated. It would seem that this relocation would make relocation of utilities in utility chases more practical than was thought sometime ago. In addition, the City's advisory engineers have informed the Board that cut-and-cover construction, such as under Plan 4B, would save at least six million dollars. That testimony in itself would indicate the necessity for more extensive study.

Refused Adoption.

There being no objection, Supervisor Morrison presented the following legislation out of order:

That the Board of Supervisors reject the resolution of the Market Street Advisory Board wherein Market Street Subway Plan 2A is designated as the City's official minimum plan, and that further committee study be given to Plans 4A and 4B.

File No. 297-61-1, Resolution No.

Supervisor Morrison, seconded by Supervisor Francois, moved adoption.

Supervisor McCarthy urged adoption, stating that there are additional basic facts which should be ascertained: The moving of utilities off Market Street should be explored further; a judgment as to the cost of moving low pressure water mains must be made. One of the most telling considerations in shaping policy on this issue is the entire future of the development of the South of Market area. The placement of mezzanine levels so as to encourage the use by pedestrians crossing from one side of Market Street to the other could greatly accelerate the growth of the assessed valuation of property in the South of Market area.

Speaking in support of the legislation, Supervisor Tamaras expressed his belief that in view of the conflicting testimony and uncertainty as to whether or not the Pacific Gas and Electric Company might also be willing to remove their utilities from Market Street, further information should be gathered before a judgment of such great importance can be made.

Supervisor Francois informed the Board that it was his belief that the question of whether a cut-and-cover or tunneling method of construction should be used was a policy decision which the Board of Supervisors should make. Supervisor Francois further suggested that if there is to be a delay, some consideration might be given to Plan 4B as an alternative to Plan 4A; therefore, he urged a "yes" vote.

Supervisor Tinney, who served as a member of the Mayor's Advisory Board, reminded the Board members that the City's own consultants, working with the Director of Public Works, had recommended Plan 4A if the problems of time and expense could be resolved with BARTD, and, if not, that Plan 2A was acceptable.

The problems have not been resolved; therefore, Plan 2A was recommended by the City's own committee.

President Tinney continued that in his opinion the greatest confidence should be placed in BARTD. The people of San Francisco and the other counties have vested them with the responsibility for planning and building this rapid transit system and BARTD has done nothing to violate this confidence. Therefore, Supervisor Tinney announced he would vote "no."

Supervisor Ertola stated that he opposed any delay and would vote against the legislation. Plan 4A would cost the people of San Francisco at least five million dollars. The question of the advantages of one plan over the other in facilitating the movement of pedestrian travel across Market Street did not appear to be particularly weighty, since such movement would be possible under both plans.

Refused adoption by the following vote:

Ayes: Supervisors Francois, McCarthy, Morrison, Moscone, Tamaras—5.

Noes: Supervisors Blake, Boas, Ertola, Tinney—4.

Absent: Supervisors Casey, McMahon—2.

(Deputy City Attorney Thomas J. Blanchard informed the Board that although the question was presented as a motion, it is, in fact, a resolution requiring six votes for adoption. If it had been a parliamentary motion, then an affirmative vote by a majority of the members present would suffice.)

Consideration Continued.

There being no objection, Supervisor Blake presented the following legislation out of order:

Reference to Committee.**Taken Up Out of Order.**

There being no objection, at the request of Supervisor Boas, the following recommendation of Transportation Committee appearing on the calendar under "New Business" was taken up out of order:

(Supervisor Moscone dissenting in Committee.)

(Supervisor McCarthy abstaining from voting in Committee.)

Amending Section 1078.1 of the Police Code by adding Sub-section (e) thereto, to provide that taxicab operator holding permit for transport of passengers to San Francisco International Airport shall be entitled to operate such service without limitation which forbids taking loads to any destination other than the airport.

File No. 130-65, Ordinance No.

Supervisor Moscone explained that in his opinion adoption of the proposed amendment would be tantamount to granting eighty additional taxicab permits to the permittee. If compliance with the terms of the permit will reduce the number of taxicabs available for trips originating and terminating within the City limits and will impair the quality of service within the City, a showing to this effect

should be made to the Police Commission and an application made for the issuance of additional taxicab permits.

Elimination of the restriction would be unfair to those who did not bid because of the restriction and who would have if it had been removed prior to the granting of the permit. For these reasons, Supervisor Moscone urged a "no" vote.

Supervisor Francois stated that since the Police Commission has already found that over seven hundred taxicabs are needed to serve the people within the City, it seems obvious that there will be a shortage of taxicabs if eighty are transferred for service to and from the airport only. Supervisor Francois continued that it seems clear to him that the terms of the permit will have to be changed and that such change would be beneficial to other prospective bidders in the future.

Supervisor Boas informed the Board that representations had been made to him that adequate notice had not been given to all interested persons. The Clerk read from the record the list of those persons notified and the date notices were mailed.

Supervisor Tamaras, in view of the statements by some independent taxicab operators that they did not receive notice of committee hearings, despite the record of notices mailed, seconded by Supervisor Francois, moved that the matter be re-referred to the Transportation Committee for further hearing.

Motion *carried* by the following vote:

Ayes: Supervisors Boas, Ertola, Francois, McCarthy, Morrison, Moscone, Tamaras—7.

Noes: Supervisors Blake, Tinney—2.

Absent: Supervisors Casey, McMahon—2.

Announcement of Committee Meeting.

Supervisor Blake announced that the Transportation Committee would meet on Thursday, March 25, 1965, at 2:00 p.m., to consider the foregoing calendar item.

Employment Opportunities in San Francisco.

Supervisor Blake stated that difficulty in obtaining employment is one of the very great contributing factors to the incidence of crime. As an example of lack of employment possibilities, he cited the fact that the shipbuilding and repair industry is at an all-time low in San Francisco. If the Board could assist in stimulating the creation of more job opportunities in San Francisco generally and in maritime work in particular, this would do much to help alleviate some of the social, cultural and economic problems facing the City.

The Chair agreed that it would be constructive for each Board member to do all in his power to see that San Francisco does not suffer any detriment in the letting by the Navy of prospective contracts for ship construction and repair.

Revised Roll Call.

Supervisor Ertola, seconded by Supervisor Francois, moved that Supervisor Moscone be recorded as voting "aye" on calendar items designated Nos. 1a through 17 (File Nos. 35-65-2 through 693-60-1, *supra.*)

- (1) Proposed resolution presented by Supervisor Blake approving recommendation of Market Street Advisory Board that Market Street Subway Plan 2A be approved as a minimum official policy; and**
- (2) Motion of Supervisor Morrison that further study be given to Market Street Subway Plans 2A, 4A, and 4B.**

Motion *carried* by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—10.

Absent: Supervisor Blake—1.

Mr. B. R. Stokes, General Manager, Bay Area Rapid Transit District, and Mr. John E. Everson, Parsons, Brinckerhoff, Quade and

Douglas, consulting engineers, discussed the comparative costs and time required for basic subway plans 2A and 4A, both of which involve the cut-and-cover method of construction for stations and tunneling between stations, and compared those cost estimates with estimates for a cut-and-cover method for the full length of Market Street.

Mr. Donn Emmons, Architect, showed slides of the possibilities available in the development of Market Street under Subway Plans 2A and 4A and, speaking for the architects associated with BARTD, presented their conclusions substantially as set forth in a letter of March 23, 1965, to BARTD, copy of which is on file in the office of the Clerk.

Mr. William Reedy, Director, and Mr. Adrien Falk, President of the Board, Bay Area Rapid Transit District, expressed their belief that Subway Plan 2A is superior to any of those considered and pledged their willingness to work with all responsible groups to improve it in any way possible.

The Chair presented and welcomed his Honor, Mayor Shelley, present because of his intense interest in a successful conclusion of the problem presently before the Board.

Mr. Gerald McLindon, Director, Market Street Development Project, presented the results of a survey of sub-sidewalk areas occupied by property owners or tenants on Market Street adjoining the proposed Civic Center, Powell Street, and Montgomery Street stations.

Adopted.

Supervisor Blake, seconded by Supervisor Francois, moved that the City Attorney be requested to prepare necessary legislation rescinding revocable permits for use of sub-sidewalk areas on Market Street in order that the City may regain possession for rapid transit development.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahan, Morrison, Moscone, Tamaras, Tinney—11.

Mr. Thomas Creighton of John Carl Warnecke and Associates was questioned by the Board concerning his report of the previous week analyzing the various approaches to the questions of height of mezzanines and location of utilities.

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—11.

The following recommendation of the Board sitting as a Committee of the Whole was taken up:

Declaring policies of the City and County of San Francisco for guidance of Bay Area Rapid Transit District in the design and construction of its system and particularly the Market Street segments thereof.

File No. 297-61-3, Resolution No. 178-65.

Supervisor Francois, recognizing the parliamentary situation of the proposed resolution as being a recommendation of the Board sitting as a Committee of the Whole, moved adoption. Motion seconded by Supervisor Morrison.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—11.

Mayor Shelley thanked the Board for the action taken. He expressed his belief that a good start has been made toward close collaboration and cooperation between all interested parties in working toward solutions which the people of San Francisco will appreciate.

Adopted.

Progress Report on planning and improving Market Street.

Supervisor McCarthy, seconded by Supervisor Francois, moved that the Board set the date of June 28, 1965, as a Special Order of Business at 2:00 p.m. for presentation of the next progress report by the Mayor's Market Street Advisory Board and Executive Committee and the Bay Area Rapid Transit District on the subject of planning and improving Market Street.

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—11.

Request Granted.

Supervisor McCarthy requested that the Mayor's Market Street Advisory Board and Executive Committee report to the Board in writing at a date substantially earlier than June 28, 1965, with respect to planning undertaken and accomplished for plaza development adjacent to Market Street subway stations.

No objection and *Clerk directed to present such request to his Honor, the Mayor.*

Adopted.

Perpetuation of Mayor's Market Street Advisory Board and Executive Committee.

Supervisor Tamaras moved that the Board request the Mayor to appoint a special high level committee with the sole function of collaborating with the Bay Area Rapid Transit District to insure that the Board's policies as set forth in the resolution adopted today will be carried out; and, secondly, that BARTD report to the Board of Supervisors monthly following the next progress report to be made on June 28, 1965.

File No. 297-61-4

Supervisor Boas seconded the first portion of Supervisor Tamaras' foregoing motion, with regard to appointment of a special high level committee.

Supervisor Tinney explained that the Mayor has already appointed the highest level department heads, including the Mayor, the Chief Administrative Officer, the President of the Board, the Controller, the Manager of Utilities, together with important Market Street owner representation, supported by an executive committee comprised of major department heads. President Tinney assumes that the sense of the motion by Supervisor Tamaras is that the same high level committee would continue in existence until the end of the project with the specific function of seeing that the City and County policies enunciated by the Board today are carried out.

Supervisor Tamaras concurred with the statement of President Tinney and said he would consider the motion amended accordingly.

Thereupon the portion of the motion as amended by Supervisor Tamaras and seconded by Supervisor Boas was *adopted* by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—11.

Request Granted.

Supervisor Morrison requested that a letter be written on behalf of the Board directed to the Bay Area Rapid Transit District and to the City's design engineering consultants recommending that there be the closest possible cooperation among these groups in the exchange of information.

No objection and *Clerk directed to comply.*

Supervisor Blake expressed his displeasure at not having been given a copy of the legislation adopted by the Board today prior

to the Board meeting and further expressed his hope that in the future all Board members would be kept fully informed of matters of interest to the Board.

Supervisor Francois, seconded by Supervisor Tamaras, moved that the resolution be amended as follows: Delete: "pursuant to Section 220 of the Welfare and Institutions Code of the State of California,"; delete last period and add "; provided, however, that no case history containing an agreement to reimburse for moneys expended or aid granted or given shall be destroyed or disposed of as long as there is a possibility of recovery, in whole or in part, thereunder."

Consideration of Mayor's veto of proposed resolution entitled, "Endorsing Food Stamp Plan as a form of assistance to needy families, and recommending action by the State Legislature to make said plan available in California."

File No. 165-65, Resolution No.

Deputy City Attorney Thomas J. Blanchard explained that if the Board does not adopt the resolution over the Mayor's veto within thirty days, it is lost. If proponents wish to have the measure considered at a later date, it is necessary to reintroduce legislation and proceed de novo.

Supervisor Ertola, seconded by Supervisor McMahon, moved the measure be tabled.

Explanation of Vote.

Supervisor Morrison stated he is in favor of the food stamp program and believes it should be implemented. It is his understanding that there has been no hearing since re-reference to committee after

veto by the Mayor. Since the committee indicates there will not be time for a hearing prior to expiration of the time within which the Board may over-ride the veto, he will vote to table and will introduce new legislation for committee consideration.

Supervisor Francois stated he felt the matter should be explored further, particularly with reference to cost of implementation.

Adopted.

The following recommendation of Health and Welfare Committee, heretofore considered and temporarily postponed, was taken up:

Recommending enactment of Senate Bill 309, creating the San Francisco Bay Conservation and Development Commission.

File No. 12-65-6, Resolution No. 188-65.

In response to a question put to him by the Chair, Deputy City Attorney Bernard J. Ward explained that, at the request of the City and County of San Francisco, S.B. 309 had been amended to provide that "Nothing in this title shall apply to any project where necessary local governmental approval and a Department of Engineers permit have been obtained to allow commencement of the diking or filling process, and where such diking or filling process has commenced prior to the effective date of this title, nor to the continuation of dredging under existing renewable Department of the Army Corps of Engineers permits."

Supervisor Francois stated that he considered the amendment an unfortunate one since by the effective date of the Commission, the purpose of the act would be frustrated by the granting of a permit for extended dumping of garbage in the Bay in the vicinity of Brisbane. Supervisor Francois moved that the Board go on record as recommending enactment of Senate Bill 309 without the amendment quoted above.

Supervisor McCarthy stated that he felt this bill would be a better bill without the amendment, but that, in view of the fact that it would be almost impossible to have the amendment withdrawn, he would urge support of the objectives of the bill. Supervisor McCarthy continued that there is presently pending in committee a proposed resolution deploring the continued dumping of garbage in the Bay and that committee hearings on this measure will give an opportunity to explore fully this particular aspect of the matter.

Supervisor Francois thereupon withdrew the motion.

Adopted by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—10.

Absent: Supervisor Blake—1.

Reference to Committee.**Committee Meetings.**

Supervisor Casey urged that all members make a particular effort to attend all meetings of the committees to which they are assigned, and referred to the fact that a recent regularly scheduled meeting of the Health and Welfare Committee had been delayed a considerable length of time because of an overlap with another committee meeting.

Supervisor McCarthy added that the purpose of establishing a regular schedule for meetings of standing committees was to expedite the handling of the business of the Board. Supervisor McCarthy requested that the Rules Committee make it clear that no committee meetings are to be scheduled at times which conflict with the regular schedule of standing committees.

Request referred to Rules Committee.

Adopted.

Motion that the Board adjourn its meeting this date out of respect to the memories of deceased, as follows:

Mrs. Celine Marian Cazenave (Supervisors Tamaras and Tinney).

Dr. Robert P. Bazzanella (Supervisors Tamaras, Tinney, McCarthy and Casey).

Reference to Committee.

Urging expansion of Police assignments in North Beach area.

File No. 170-65, Resolution No.

Supervisor Francois stated his opposition to the resolution because of the suggestion implicit in it that the Police Department is not sufficiently aware of the problem nor able to deploy its forces properly. Supervisor Francois suggested that the Board's efforts would be more properly directed to the enactment of legislation recommended by the Police Department and presently pending before the Board.

Supervisors Moscone and Tamaras spoke in favor of the resolution as being supportive of the Police Department's efforts to rid the City of a temporary police problem.

Supervisor Tamaras, seconded by Supervisor Ertola, moved that the last paragraph be amended as follows: After the words "is hereby urged to take" add "continue to"; after the word "sector" add a period and delete ", and that adequate assignments of police personnel be made in that area until such time as completely adequate protection and safety are assured."

Police Captain Barca presented statistics on the number of crimes of various types occurring in North Beach during the first three months of the current year and stated that in his opinion it is a low incidence of crime in view of the large number of persons who frequent the district.

Supervisor Casey, seconded by Supervisor Morrison, moved that the resolution with the proposed amendment be rereferred to committee for full hearing of all interested persons and that Police Chief Cahill be invited to attend the hearing.

Fixing date of Monday, April 19, 1965, 2:00 p.m., for hearing the appeal from the decision of the City Planning Commission approving application for conditional use of certain property bounded by Marina Boulevard, Buchanan, North Point and Laguna Streets.

File No. 181-65, Resolution No.

There being no objection, the floor was granted to Salvatore C. Fusco, Attorney at Law, representing the Marina Civic Improvement and Property Owners Association, who stated that the inclusion of governmental bodies in the calculations to determine whether or not the appellant had secured the signatures of the owners of twenty per cent of the property affected is arbitrary and capricious.

Deputy City Attorney Thomas Blanchard explained that this is not a new situation. There have been four City Attorney opinions based on the Charter with respect to this particular problem. If the Board wishes to preclude the possibility of a governmental entity depriving the private citizen of his right to perfect an appeal, this could be done by an amendment of City Planning Code Section 307, but that such amendment would have no effect upon this appeal.

Request Granted.

Supervisor McCarthy requested that the City Attorney prepare and submit to him for introduction an amendment to Section 307 of the City Planning Code which would accomplish the objectives as outlined by Mr. Blanchard.

No objection and request *granted*.

Supervisor Francois, seconded by Supervisor Moscone, moved adoption.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Reference to Committee.

Supervisor Blake presented:

File No. 193-65, Resolution No.

Referred to Rules Committee.

Request Granted.

Residence Requirements for Members of the Uniformed Force of the Police and Fire Departments.

Supervisor Blake stated that it appears to him necessary to consider the problems of the departments in recruiting personnel. Supervisor Blake requested that the Clerk write to the Mayor, the Police Commission, the Fire Commission, and the Civil Service Commission asking that they immediately give consideration to recommending and approving a waiver of the requirement that members of the uniformed force of the Police and Fire Departments must become residents of San Francisco within six months after completion of their probationary period.

Supervisor Blake stated that upon receipt of the necessary recommendations and approvals and following adoption of a resolution waiving the requirement, it is his intention to introduce an ordinance amending Section 16.99 of the San Francisco Administrative Code so as to specify that such employees must become residents within a radius of thirty miles from the exterior boundaries of San Francisco.

Reference to Committee.

The following recommendations of Planning and Development Committee were taken up:

(Supervisor Ertola dissenting in Committee.)

Memorializing the State Legislature to amend the Community Redevelopment Law to permit a redevelopment agency to accept a conveyance of real property for purposes of disposing of such property by sale or long-term lease for use as, or development of, moderate-priced private housing for persons displaced by public action.

File No. 158-65, Resolution No.

Supervisor Ertola stated that although the last hearing by the committee was the second hearing on this measure, at the end of the hearing there were still persons present who had not spoken who wished to do so. Therefore, Supervisor Ertola, seconded by Supervisor McMahon, moved that the measure be re-referred to committee for further hearing.

Supervisor Francois urged a no vote on the motion. He informed the Board that the committee has had two full hearings and those present at the last committee hearing who did not speak were members of organizations represented by other speakers. There is a great need of such housing in San Francisco.

Supervisor Morrison explained that there is at present no bill pending in the State Legislature to accomplish this purpose. The deadline for introduction of bills is April 23, 1965, and there is no guarantee that such a bill would be introduced without some such affirmative action by the Board. This measure stems from the Mayor's housing program enunciated by him last year. At the present time under State law the Redevelopment Agency, which is the best agency in the City to do the job, cannot take charge of land outside a redevelopment area. This measure would merely make tools available if, in the future, the Board decides to take an active role in building moderate income housing.

Supervisor Moscone urged a no vote on the motion to re-refer since, in view of the deadline, re-referral to committee would, in effect, table the measure.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, McMahon, Tamaras, Tinney—6.

Noes: Supervisors Boas, Francois, McCarthy, Morrison, Moscone—5.

(Supervisor Ertola dissenting in Committee.)

Memorializing the State Legislature to amend the Community Redevelopment Law to allow redevelopment agencies to make available to housing authorities sites for low-rent public housing projects at prices not less than fair value for such a purpose.

File No. 159-65, Resolution No.

Supervisor Ertola, seconded by Supervisor McMahon, moved re-reference to committee.

Ayes: Supervisors Blake, Casey, Ertola, McMahon, Tamaras, Tinney—6.

Supervisor Morrison requested that a communication be directed to the Department of City Planning asking for a report on (1) what the Department considers to be the planning and design advantages or disadvantages in demolishing the elevated portion of the Embarcadero Freeway and rebuilding it in conjunction with the construction of the Golden Gate Freeway; (2) whether, in the opinion of the Department, some major reconstruction short of actual demolition of the Embarcadero Freeway ought to be undertaken in conjunction with the Golden Gate Freeway; and (3) what effect either demolition or major reconstruction would have on the Department's judgment of how the Golden Gate Freeway should be routed in the eastern sector.

Supervisor Morrison further requested that communications be directed to the Director of Public Works and to the State Division of Highways asking each what it considers to be the engineering feasibility either of taking down the elevated section of the Embarcadero Freeway in conjunction with construction of the proposed Golden Gate Freeway or a major reconstruction short of complete demolition, with an estimate of costs and possibility of securing state and/or federal funds.

The Chair then introduced Mr. Sumora Kashiwara of Osaka, Japan, traveling in the United States under the auspices of the United States State Department Specialist Exchange Program.

Reference to Committee.

San Luis Interceptor Drain.

The Honorable Thomas John Coll, Chairman, and the Honorable James E. Kenny, Vice Chairman, of the Contra Costa County Board of Supervisors were introduced by the Chair.

Supervisor Coll was granted the privilege of the floor and presented to Board members a summary and conclusions of the report to the Contra Costa County Water Agency on a study of the effects of the proposed Federal San Luis Interceptor Drain and the State San Joaquin Valley Master Drain, a copy of which is on file.

Supervisor Coll reviewed Contra Costa County's efforts to avoid serious deterioration of the quality of the Delta and Bay waters by discharges of contaminants from the proposed drains. He stated that hearings would be held in Washington, D. C., May 8, 1965, on the question of an appropriation of funds for construction of the San Luis Interceptor Drain.

Supervisor Coll requested that the Board authorize the Manager of Utilities to appear at the hearing to oppose the appropriation, or that efforts be made to have one of San Francisco's Congressional representatives request Mr. Carr's presence at the hearing. Supervisor Coll also requested that the City's Director of Public Works be directed to meet with the Director of Public Works of Contra Costa County and other Bay Area counties to study the problem of pollution of the Bay and work together toward construction of one multi-purpose drain which will extend beyond the Bay and into the tidal waters of the Pacific Ocean.

There being no objection, the requests of Supervisor Coll were referred to Rules Committee.

Veto Sustained.

The following resolution, disapproved by his Honor, the Mayor, was presented by the Clerk:

Opposing any attempt to repeal Congressional mandate that 35 per cent of Federal ship repair funds be allocated to private shipyards.

File No. 211-65-2

The Clerk read a communication from his Honor, the Mayor, dated April 30, 1965, explaining that his disapproval was based on the fact that he had received many complaints that the public had not had an opportunity to present their views prior to Board action and suggesting that the matter be referred to appropriate committee for full hearings.

At the request of Supervisor Moscone, the Clerk explained that the subject measure had been adopted on the date of introduction, requiring unanimous consent of the members present. Therefore, unanimous vote of members present will be required to override the Mayor's veto. If the Board votes to reconsider the measure, the question before the Board will be: "Shall the resolution become effective notwithstanding the Mayor's veto?"

RECESS.

At the hour of 3:30 p.m. the Board recessed to participate in ceremonies in the rotunda of the City Hall in observance of 40th Brigade Air Defense Command Presidio Day.

RECONVENING OF BOARD.

The Board of Supervisors, at the hour of 3:45 p.m., reconvened.

The Board thereupon resumed consideration of the matter before it.

Supervisor Ertola moved that the measure be referred to committee for hearing and report back within two weeks.

Motion lost for want of a second.

Stressing the importance of immediate Board action, since the question is being considered by the Armed Services Committee of the House of Congress at the present time, Supervisor Blake, seconded by Supervisor Moscone, moved reconsideration.

Motion *adopted* by the following vote:

Ayes: Supervisors Blake, Boas, Casey, McCarthy, McMahon, Morrison, Moscone, Tamaras—8.

Noes: Supervisors Ertola, Francois, Tinney—3.

The Chair then stated the question before the Board: "Shall the resolution become effective notwithstanding the Mayor's veto?"

Deputy City Attorney Thomas Blanchard confirmed the fact that a unanimous affirmative vote would be required to override the Mayor's veto because unanimous consent of the members present was required for adoption.

Supervisor Blake explained that the requirement for allocation of 35 per cent of Federal ship repair funds to private shipyards was not in the current bill even though it has been for the past three years. It is anticipated that ship repair work performed in private shipyards will be reduced. While ship building funds will be increased by two million dollars, this will not be of any advantage to San Francisco because local private yards do not build ships. Supervisor Blake urged an "aye" vote in order to stimulate the local economy and alleviate the current depressed condition of the local private shipyards.

Supervisor Moscone stated he would cast an "aye" vote because in his opinion—while he does believe it always proper to permit interested parties to be heard—the Mayor's action will set a precedent and will make it necessary for the Mayor to veto any future legislation on which it is claimed sufficient hearings have not been held.

Supervisor Ertola stated that he did not believe a precedent was being set, that the Mayor is well aware of the background of this measure through his experience in Congress, and, since this is of vital concern to the Bay Area, he did not think the Board should take action without a thorough exploration of the facts.

In speaking against the motion to reconsider, Supervisor Francois stated he was not at all satisfied as to why the measure was not presented at an early enough date so that public hearings by committee could be held. The measure as presently worded calls for retention of a specific ratio of expenditure. Therefore, even though he—as are all the members of the Board—is vitally interested in the

welfare of the shipbuilding industry in San Francisco, he cannot support the measure in its present form in view of the Mayor's veto.

Thereupon the roll was called and the Mayor's veto was *sustained* by the following vote:

Ayes: Supervisors Blake, Boas, Casey, McCarthy, McMahon, Morrison, Moscone, Tamaras—8.

Noes: Supervisors Ertola, Francois, Tinney—3.

**Budget Statement of Supervisor Jack Morrison
On Behalf of Finance Committee.**

The Finance Committee presents to the Board of Supervisors today the proposed budget of the City and County of San Francisco for the fiscal year 1965-1966. The Committee asks that it be adopted at the regular meeting of the Board on May 17th, after approval of the amendments proposed by the Committee.

Two itemized lists (regular budget, and supplemental budget) of Finance Committee recommendations have been furnished Board members. They, together with the two volumes of the budget, and the supplemental budget requests, constitute a comprehensive budget report.

While the members of the Finance Committee (my colleagues were Supervisors McCarthy, McMahan, Moscone and Tamaras) did not agree completely on every one of the thousands of appropriations requested by the department heads, they reviewed each item as their individual consciences dictated, in what was deemed by each to be the best interests of the community, and despite the relatively minor differences of opinion which developed, and in the interests of reaching an accord and submitting unified and on the whole acceptable

recommendations to their colleagues, have agreed that their recommendations shall come to the Board with unanimity and without recordation of any of the informal dissents which may have been expressed.

The Finance Committee has held over a dozen meetings to consider the voluminous proposed budget, some of which have extended into the early morning hours. After exhaustive scrutiny, and with the object of effecting expenditure curtailments without impairing essential services, it submits the recommendations dealt with hereinbelow.

Budget Totals and Tax Rate: Departmental budget requests for \$388,683,769 and supplemental budget requests for \$10,207,604 submitted to the Mayor, totaled \$398,891,373, an increase of \$53,309,821 over the current budget.

The Mayor approved \$369,709,512 of the budget requests and \$8,343,318 of the supplemental budget requests, or a total of \$378,-052,830 including salary standardization adjustments to date but excluding bond funds.

The Finance Committee recommends an additional \$2,340,796 reduction of budget requests and \$4,136,802 reduction of supplemental budget requests, or a total reduction of \$6,477,598. This is subject to certain adjustments which will be computed by the Controller in due course.

It appears inevitable, as it has during most recent years, that there will be an increase in the ad valorem tax rate. The precise amount of the increase cannot be ascertained at this time because of revenue and other adjustments anticipated prior to September when the tax rate will be fixed. The expanded governmental services which our citizens expect and demand, and the accompanying inflationary economic trend, leave no alternative to the continued rise in the tax rate. Our most effective method of resisting the trend is firm insistence upon operational economies in all our departments, a course to which your Finance Committee is dedicated.

As in past years, the Committee reminds the Board of the following budget items over which, among others, the Board has no control: Board of Education budget (\$71,686,649) subject to possible increase for salary and other purposes; salary requirements for all employees, including increments made mandatory by the voters' approval of various Charter salary standardization methods (\$184,992,884); retirement contributions (\$16,315,879); Health Service System contributions (\$2,201,708); Social Security contributions (\$3,036,378); mandatory cost of constructing, maintaining and improving libraries (\$656,425; parks and squares (\$1,641,063); playgrounds (\$1,148,744); Art Commission, for a symphony orchestra (\$82,053); streets, sewers and buildings (\$12,594,695); elections (\$765,498); civil service (\$82,053); San Francisco Bay Area Air Pollution Control District (\$149,958); Bay Area Rapid Transit District (17 cents in tax rate); bond interest and redemption (\$31,194,311). These items alone total \$307,194,311 of the \$369,709,512 budget as submitted by the Mayor without the supplemental requests.

The absence of Supervisorial control over these items and others stresses the correlative that there is a relatively minor portion of the total budget over which the Board may exert any control. The Board's jurisdiction extends mainly to items for contractual services, personal services, equipment, materials and supplies, capital expenditures, reconstruction and replacement and maintenance and repair.

Nevertheless, a determined effort has been made to minimize the increase in the tax rate, which will be computed in September following ascertainment of revenue and other adjustments.

Specific Items: Since a few of the items which appear in the budget before you have attracted more than average public interest as reflected in correspondence, press reports, personal contacts, and otherwise, the Finance Committee should like to recall your attention to them specifically and briefly:

New Employments: Department heads requested in the regular budget and supplemental budget a total of 842 new employments. The Mayor reduced that number to 232. The Finance Committee recommends that the Board allow 198. Of the latter number, 49 are located in the Department of Public Health, 31 in the Public Utilities Department, and 40 in the Public Welfare Department. Since the personal service total is the largest single factor in the budget, exceedingly careful review was accorded each request for a new position. Favorable Committee action was accorded only to those which were justified by demonstrably urgent public need.

Art Commission: Approval was given an item of \$10,000 to implement the plan to create, organize and maintain a Civic Chorale with a membership of approximately 250.

Chief Administrative Officer: Items of \$1,235,000 in the regular budget and \$100,000 in the supplemental budget were included for appropriation to the Publicity and Advertising Fund. The Chief Administrative Officer has submitted to the Finance Committee a list of proposed expenditures from the Fund, indicating specifically the activities which will be supported for the coming fiscal year. It is emphasized that all appropriations to the fund are supported by revenues derived from the Transient Hotel Room Tax.

City Planning Commission: The requests include one for \$88,750 for hire of consultants in conduct of the Northern Waterfront Study being carried out in accordance with an agreement between the Commission and Port Authority. A request for \$18,000 to be paid in consulting fees to Arthur D. Little, Inc., for continued guidance on the operation of the Community Renewal Project residential space simulation model has the Committee's recommendation for modification to \$12,000.

Civil Service Commission: \$3,000 has been recommended for implementation of a program wherein approximately 150 employees will be partially or fully reimbursed for taking certain approved education courses to improve work performance or prepare for promotional opportunities.

Controller: \$380,000 is included for the initial program for the Central Electronic Data Processing Complex and for equipment rental. The potential economic advantage to the City and County represented by this change in accounting performance from tabulating (electromechanical) systems to a computer (electronic data processing) system is exceedingly great. Although its realization will be deferred necessarily pending full utilization of the new processes and ultimate purchase of equipment, the City and County is following the example of all progressive private and governmental corporations in adopting the computer system, under the farsighted leadership of Controller Harry D. Ross and Chief Assistant Controller Wren Middlebrook.

Market Street Utility Lines—Department of Electricity; Department of Public Works; Municipal Railway; Water Department: The Mayor transmitted supplemental budget requests for defraying costs of moving various utility lines from Market Street in conjunction with the program of the Bay Area Rapid Transit District. The requests totalled \$4,720,189, and BARTD has allocated \$840,000 for the support of the utilities in place. All the figures presented are estimates both as to the city's costs, and allocations from BARTD. The Finance Committee recommends approval of \$600,000 of the amount requested.

That amount would be appropriated to the Department of Public Works (General Office), as a capital item for relocation of the high-pressure auxiliary water supply system. \$500,000 of the total is to be spent for materials; \$40,000 for contingencies and \$60,000 for plans and specifications, all limited to the three proposed stations at Montgomery Street, Powell Street and the Civic Center. Negotiations as to cost and other details of the entire project will continue.

Human Rights Commission: 1965-1966 will be the first full fiscal year during which this agency will be in operation. The total budget is approximately \$88,000, with a staff of 8.

Police Department: An increase of approximately \$11,000 for contractual services will allow the Department to participate in a statewide Electronic Data Program dealing with information on stolen and wanted automobiles which should greatly assist efforts to recover vehicles. An item has been included in the amount of \$10,000 to provide recruits with necessary protective equipment required on the job. Provision is for an average of three classes of 30 men per year.

Public Guardian: A total supplemental budget of \$95,876 is recommended to provide for an expected minimum case load of 600 additional wards necessitated by changes in regulations of the State Department of Social Welfare. It is represented that presumably these 600 persons will become complete County charges if guardianships are not established, and that on the basis of current Public Guardian figures, a County loss of approximately \$1,800,000 per year would be sustained.

Public Welfare: The total budget, including supplemental recommendations is \$60,534,290, representing an increase over last year's budget of \$10,344,422. The Department requested 86 new employments, the Mayor approved 40, and the Finance Committee has recommended 40. It is noted that the employments have been requested primarily to establish the top level administrative positions, together with the supporting staff, to implement the recommendations of the Administrative Review Report of the State Department of Social Welfare. The review was requested in order that San Francisco would have a properly organized and operating Public Welfare Department which would be able to accomplish all of the purposes for which it was created. Included is a supplemental item of \$20,000 for rental of 18,000 square feet of office space pending the remodeling of the building to be acquired at 1680 Mission Street.

Juvenile Court: The total recommended appropriation for maintenance of minors in foster homes and institutions is \$765,000, an increase of \$445,000. It is based on an estimated average of 355 placements of juveniles in various types of institutions and foster homes at rates established by the Board of Supervisors in the latter half of 1964, involving both normal and special care.

California Academy of Sciences: The total budget of \$428,631 represents an increase of \$45,113 over the current fiscal year's budget.

Public Works—Engineering: Two new employments of Street Inspector have been added in order to accelerate the street inspection program and reduce the large incidence of public liability.

Public Works—General Office: A total of \$275,000 is included for the current contribution to the Market Street Design Project, \$150,000 of which is for the services of Urban Design Architectural Consultants and \$125 for services of the City's Market Street Design Task Force.

\$864,216 is recommended for acquisition and improvement of the proposed Public Welfare Department building at 1680 Mission Street, upon which construction has been promised for commencement not

later than February 1, 1966; \$63,000 for renovation of two cottages at Youth Guidance Center; \$83,100 for a new passenger elevator at 450 McAllister Street; \$75,000 for new equipment with which to operate the Westside Health Center; and \$674,200 for plans and construction and additional land costs for the Bay View District Health Center.

Public Health: The total budget of the Department as it came from the Mayor was \$28,287,482, an increase of \$1,730,888. As recommended by the Finance Committee, the total is \$28,181,515, a decrease of \$105,967. Supplemental budget recommendations total \$146,890. New jobs are 47 in number; a new Alcoholism Bureau is being created, the district health center program is being additionally implemented, and two new wards are being activated in Laguna Honda Hospital. The University of California medical service and care contract totals \$966,576, an increase of \$67,139, without substantial change by the Committee; the Community Mental Health Service program is up from \$2,229,052 to \$2,563,866, an increase of \$334,814; the psychiatric Halfway House (Conard House) program is included for \$45,000; and Ward 62 for tuberculosis patients is to be opened at San Francisco General Hospital at a budgeted total cost of \$71,340.

DeYoung Museum: An item of \$12,000 for continuation of Dr. Heil's annual professional and special services fee is contained in the recommendations, as is an appropriation of \$35,000 for installation of a Pyr-A-Larm Fire Protection System.

Public Library: Ten new employments have been recommended in further implementation of the program undertaken to raise the quality of overall Library services. A requested position of Investigator, to reduce the alarming volume of stolen and otherwise missing books, has been recommended for deletion inasmuch as the Tax Collector has stated that such an employee may operate with his Bureau of Delinquent Revenue Collection, for assignment to the Library operation exclusively. The Finance Committee recommends addition of a capital item of \$71,350 for Library Books, which would bring the 1965-1966 allowance for this purpose to \$500,000, which is more nearly in line with the minimum needs of the Library for proper service to the community.

Recreation and Park Department: The total budget of the recommended budget is \$10,093,188. The total operating budget is \$9,468,688, an increase of \$530,857 over the current fiscal year. New employments recommended number 7. A new Recreational Center for the Handicapped is being set up and staffed, with a budgeted cost of \$77,258.

Health Service System: It is noteworthy that the allowance for medical plans has been increased by \$518,000, to \$5,285,000.

Municipal Railway: The total operating budget as received from the Mayor reflected an increase of \$1,158,235, to \$27,874,724. The Finance Committee recommended relatively minor changes, in addition to recommending deletion of a capital item for repaving the Kirkland Motor Coach Yard and the Presidio Trolley Coach Yard, \$121,000, which the Committee feels may be deferred to another time when numerous matters more urgent in nature are not competing for support.

Water Department: The Mayor transmitted a total budget of \$16,381,223, up \$3,244,468 from the current year. The Finance Committee deleted two new positions and a capital item of \$60,000 for replacement of two cottages occupied respectively by the Crystal Springs Watershed keeper and the Niles Reservoir keeper, as well as other lesser items. The proposed budget contains an appropriation of \$320,000 for electronic data processing, an increase of

\$235,000. The Finance Committee has directed that the budget and records of the Controller's Office be annotated to reflect a requirement that if and when there is a progression from lease to purchase of equipment, the funds therefor must be specifically approved by the Board of Supervisors so that there may be every assurance that the Water Department's EDP program will be fully integrated with the Central EDP complex in the City Hall, for full integration of work programs, avoidance of duplication, facility in personnel training, and compatability and interchangeability of equipment.

Hetch Hetchy Project: In the current budget an initial appropriation was approved in the amount of \$4,125,000 for construction of a new Moccasin Powerhouse to replace one which is deteriorating after 39 years of operation. The requested budget for 1965-66 contains \$3,510,000, the second of a three-year series of appropriations.

Administrative Provisions: It is reported by the Civil Service Commission and the Department of Public Health that the University of California Medical School is paying their internes a salary of \$266.67 per month at this time, with a 5% increase proposed commencing July 1, 1965. San Francisco General Hospital will pay its Classification 2272 Internes at the rate of \$246.00 per month effective July 1, 1965. To abolish the unfair distinction, it has been requested that the provisions of the Annual Salary Ordinance and Annual Appropriation Ordinance be amended to provide that the Department of Public Health shall furnish Internes any or all meal services, laundry and room at a maintenance amount not to exceed the differential in salary which will be in effect July 1, 1965, between the City and the Medical School internes. The City Attorney has been asked to draft and submit a suitable amendment for that purpose, which has been recommended by the Finance Committee.

The Finance Committee, on the basis of data furnished by the Controller's Office, recommends continuation of the same charges levied during the current year for accommodations, services and facilities furnished to employees in the various departments, with the exception that the San Francisco General Hospital unit cost for laundry per month shall be \$5.50 instead of \$5.00 as at present, inasmuch as the estimated cost for the forthcoming fiscal year is \$6.45 as compared to \$5.82 for the fiscal year 1963-64.

The Civil Service Commission submitted a proposed amendment to the administrative provisions which contemplated a hiring practice termed "flexible staffing," pursuant to which the Commission or its General Manager would be authorized to certify to vacant positions eligibles from lists in the next lower classes. The Finance Committee has not approved the change at this time, in order that mature review may be given to it by all interested.

Acknowledgments: The Finance Committee commends and thanks Controller Harry D. Ross, and his staff members, Joseph Crosson and Henry Kruger, for their invaluable assistance.

Board Action: In order that all the members of the Board may have an opportunity to consider in complete detail the Committee's recommended changes in relation to the entire budget, the Committee has completed its review of the budget a week before adoption is required. The Charter provides that the Board shall adopt the budget not earlier than the 15th day of May. Because of deadlines which must be met for the preparation and printing of the Annual Appropriation Ordinance and the Annual Salary Ordinance, the budget must be adopted this year on Monday, May 17th.

At the regular Board meeting of May 17th, I will move that the budget, as amended by the Board, be adopted.

Recommending enactment of SB 1318 increasing the number of Superior Court Judges in San Francisco from 22 to 24.

File No. 12-65-17, Resolution No. 282-65.

Supervisor Morrison stated that he was opposed to the proposal in view of the finding of the Judicial Council that an increase in the number of Superior Court Judges in San Francisco is not justified on the basis of statistics available to the Council.

Upon being informed that the committee had not considered the report of the Judicial Council, Supervisor Morrison moved re-reference to committee for such consideration.

Motion lost for want of a second.

There being no objection, the privilege of the floor was granted to the Honorable Raymond J. O'Connor, Judge of the Superior Court, who urged an "aye" vote. He stated that there has been a continuous increase in filings. San Francisco is faced with a peculiar type of personal injury cases—those of longshoremen, seamen, and railroad employees—which do not occur in such great numbers elsewhere. Jury trials on these cases consume much more time than the average personal injury case. Because of overloaded calendars, San Francisco is at the present time exceeding the law in the waiting period before trial of criminal cases.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Moscone, Tamaras, Tinney—10.

No: Supervisor Morrison—1.

Consideration Continued.

Nathan Cooper of the Controller's office stated that he had no information as to the probable cost of a \$500,000 insurance policy as required by the terms of the proposed permit.

Supervisor Tamaras stated that he felt it important to have this information and moved that consideration be continued until June 1, 1965. Motion seconded by Supervisor Casey.

Request Granted.

Supervisor Moscone requested that a communication be directed to Dr. Sawyer requesting the above-mentioned information.

No objection and *Clerk directed to comply.*

Recommending enactment of AB 2390, providing that gross rentals from the lease of tangible personal property shall be subject to the four per cent California Sales and Use Tax.

File No. 12-65-18, Resolution No. 305-65.

Edward Durkin of the Assessor's office informed the Board that the Assessor's office is taking no position in regard to AB 2390. In response to questions by Supervisor Ertola, he stated further that this bill deals exclusively with the Sales and Use Tax and would have no effect upon property taxes.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, Tamaras—8.

Noes: Supervisors Boas, McMahon, Tinney—3.

The Board thereupon resumed consideration of calendar items, recommendations of Governmental Services Committee, in the order in which they appeared therein.

The following from Governmental Services Committee without recommendation was taken up:

Amending Section 16.98 of the Administrative Code, changing residence requirements of applicants for appointment to the uniformed force of the Fire Department from five or more years in the City and County to three or more years in the State.

File No. 19-65-5, Ordinance No.

Fire Chief Murray spoke against the measure, stating that the Department has an excellent reputation, there has been no recruitment problems and until such problems arise there should be no change in the residence requirements.

Supervisor Francois urged adoption. He stated that San Francisco is unique in imposing such strict residence requirements for this one classification of employee. Supervisor Francois continued that while he did not suggest there was any discrimination practiced, the fact still remains that there is only one Negro fireman in the City. The purpose of the measure is to broaden the base for recruitment and improve this situation.

Supervisor McMahon stated that San Francisco has the finest Fire Department in the United States or elsewhere. The only time that residence requirements have been relaxed in the past has been in cases where it has been impossible to get qualified applicants from among San Francisco residents. This situation does not exist in the present case. If residence requirements are to be relaxed for applicants for positions as members of the uniformed force of the Fire Department, perhaps consideration should be given to relaxing the requirements for all classifications.

Supervisor McMahon, seconded by Supervisor Blake, moved reference to Governmental Services Committee for consideration of the advisability of relaxing residence requirements for applicants for all civil service classifications.

Upon being informed by Chief Murray and George Grubb, General Manager of Personnel, that the pending examination for fireman could be postponed for a time pending resolution of the question of

residence requirement, Supervisor Francois stated he would have no objection to such referral.

Motion to re-refer *carried* by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Moscone, Tamaras, Tinney—10.

No: Supervisor Morrison—1.

Supervisor McMahon Excused.

Reference to Committee.

The following from Health and Welfare Committee by direction of the President was taken up:

Proposed Community Action Program prepared by Economic Opportunity Council of San Francisco for local participation under the Federal Anti-Poverty Act, Public Law 88-452.

File No. 454-64-3

Supervisor Casey reviewed chronologically the history of the formation and interim activities of the Economic Opportunity Council of San Francisco. He concluded that it is the sole province of the Council at this time to submit the program to Washington. It is before the Board merely for informational purposes at this time. Subsequently, following approval in Washington, and commitment of Federal funds, it will be necessary that legislation be submitted to the Board by the Mayor, pursuant to which the Board may consider making available as the City's contribution to funding of the program, the necessary moneys or services.

Supervisor McCarthy stated that although at the present time the Federal government will pay ninety per cent of the cost of this program, San Francisco will in the future be called upon for substantial funds to implement the program. The Board of Supervisors should have better control over the policies that will be formulated by the Council, as it does over all other health and welfare programs in the City. If it is the feeling of the Board that it should possess more authority and responsibility for the program than it now has, it is important to examine ways in which this might be achieved.

Supervisor Blake reminded the Board that the City Attorney has advised that this matter is not properly before the Board at this time and that the Board can take no action with respect to the proposed program.

President Tinney explained that the matter had been referred to committee for consideration since the Board of Supervisors has the responsibility to the people of San Francisco of establishing policy. This matter was submitted without any prior information; therefore, it seemed important that a public hearing be held.

Request Granted.

Supervisor Tamaras presented a copy of a resolution of the Spanish Speaking Citizens Foundation dated May 19, 1965, protesting the failure of the Economic Opportunity Council to act upon an application for funds to offer pre-school training to children under five

years of age who suffer a linguistic problem. Supervisor Tamaras requested that copies of this resolution be forwarded to his Honor, the Mayor, and to the Economic Opportunity Council with the request for an explanation as to why the application was not acted upon and why the Spanish Speaking Citizens Foundation was not notified of the meeting at which representatives from the districts were chosen for appointment to the Council.

No objection and *Clerk directed to comply.*

Supervisor Francois observed that he was not too much concerned with the question of who administers the program in San Francisco, but is concerned with the availability of funds and services to the people whom the legislation was intended to serve. Because the Board will eventually be asked to appropriate funds for the program, it is important that there be some significant involvement of the Board in the program.

Supervisor Casey, seconded by Supervisor McCarthy, moved that the matter be re-referred to the Committee on Health and Welfare with the request that the committee establish and maintain a continuing program of cooperation with the Economic Opportunity Council and to that end conduct such hearings and studies as it deems necessary in order that if and when the program is implemented by City and County funds, the Board will be prepared to establish policy insofar as applicable.

In response to questions by Supervisor Ertola, Deputy City Attorney James Stark stated that it is his understanding that the Economic Opportunity Council is a non-profit organization functioning under the Federal Act. The City is but one of many sponsoring agencies and even if the City took the position that it would not endorse an application, the application of the Council would go forward. However, such application would not be approved by Federal authorities unless ten per cent of the funds required is available from local sources, not necessarily the City. The provision for ninety per cent financing by the Federal government will expire June 30, 1966.

Supervisor McCarthy, seconded by Supervisor Casey, moved as an amendment to the pending motion that the matter be re-referred to the Committee on Health and Welfare with the request that the committee establish and maintain a continuing program of cooperation with the Council, conduct such hearings and studies as it deems necessary to examine the present structure of the Council, and consider the advisability of enacting into law on local, State and Federal levels such provisions as would permit the Board to assume responsibility for policy and to exercise control over the local anti-poverty program.

Supervisor McMahon stated that she was concerned that there might be some misunderstanding as a result of this legislation. Throughout the City there are many dwelling units which are separately metered in which the tenant pays for whatever heat he uses. Supervisor Boas stated that he was presenting this proposal today for inclusion on the June, 1966, ballot in order that there might be ample time for review and recommendations by the City Attorney, the Capital Improvement Advisory Committee and the Citizens Bond Screening Committee.

Supervisor Boas said that in his opinion the construction of a convention and sports center would contribute substantially to the City's growth and, if it were to be placed in the South of Market area, would begin the regeneration of a vital area of the City now in a badly blighted condition.

Supervisor Boas continued that the plan calls for construction of a 15,000-seat sports arena, an exhibit hall of 300,000 square feet, and a 1,500-car garage. Such a center will protect and expand one of San Francisco's major industries: tourism; a source of revenue to many segments of our society.

SPECIAL ORDER—2:00 P.M.

Presentation of Progress Report by Mayor's Market Street Coordinating Committee and its Advisory Subcommittee, and the Bay Area Rapid Transit District, on the subject of planning and improvement of Market Street.

File No. 297-61.

Director of Public Works, S. Myron Tatarian, presented a report, copy of which is contained in the file, of the Market Street Executive Committee's activities since the last presentation to the Board three months ago.

Mario J. Ciampi began the presentation by the City's urban design consultants by showing diagrams illustrating the amount and movement of traffic on Market Street by pedestrians, public transit, and automobiles. Because the automobile carries such a small percentage of the persons who use Market Street and because the automobile interferes with the efficient use of the street by other means of transportation, the consultants recommend that sidewalks be widened to a width of 35 feet. The urban design plans are based on this recommendation.

Thomas Creighton of John Carl Warnecke and Associates continued the presentation by the design consultants by showing and discussing drawings of proposed locations of plazas in relation to the various sub-

way station entrances as contained in "Market Street Design Report Number 2—Subway Entrance Plazas."

Supervisor Boas inquired about the possibility of locating the Powell Street rapid transit station closer to the proposed Yerba Buena mall so that pedestrian traffic might move more expeditiously and conveniently between the station and the South of Market area.

Mr. Creighton explained that as the Powell Street station is now designed, there is a long distance from the end of the station to the mall. The consultants feel that a long, underground connection to the mall would not be psychologically nor physically attractive. The consultants recognize the advantage to the Yerba Buena project of moving the station eastward and have discussed this possibility in Report No. 2.

Request Granted.

Supervisor Boas requested that a communication be directed to the Market Street Design Executive Committee asking for a report as to the consideration which has been given and may in the future be given to the possibility of moving the Powell Street station eastward.

No objection and Clerk directed to comply.

Adrian Falk, President, Bay Area Rapid Transit District, stated that BARTD and the City's Task Force are very much closer in ideas and cooperation than ever before. Present plans are not final; however, the relocating of stations is not a simple matter; there are many aspects which must be considered.

John E. Everson, Consulting Engineer, stated that much work has been done in an attempt to bring the stations as close to the street surface as possible consonant with funds available and feasibility. Preliminary plans have been presented to the utility companies in an effort to reach solutions.

Donn Emmons, Architect, showed slides of possible station designs.

In response to questions by Supervisor Morrison, Mr. Tatarian explained that the City's position as to cost of moving utilities was made clear at the time of adoption of the budget for the fiscal year 1965-66, in which funds for the high-pressure water pipe only were approved. Mr. Falk stated that it is BARTD's position that if it is found necessary by BARTD to move utilities as a result of construction, BARTD will pay the cost; but any additional costs for moving and improving utilities will have to be paid for by the City or the utility companies.

In response to questions by Supervisor Morrison, Mr. Creighton stated that the contract under which the City's design consultants have been working called for recommendations and suggestions. This contract expired June 17, 1965, and is completed. The next step would be a second phase, for which the consultants are not commissioned at the present time.

Mr. Tatarian suggested that the next step should be to have these first-stage efforts of the design consultants referred to the Market Street Design Task Force through channels for study, evaluation and recommendations, on which the Executive Committee and the Mayor's Advisory Board might formulate recommendations for the Board's consideration.

Adopted.

Supervisor McCarthy, seconded by Supervisor Morrison, moved that the Task Force be requested to furnish to each member of the Board within four weeks a technical analysis of the Market Street design plans.

No objection and motion carried.

Adopted.

Supervisor Morrison, seconded by Supervisor McCarthy, moved that the Board set the date of September 27, 1965, as a Special Order of Business at 2:00 p.m., for presentation of the next progress report by the Mayor's Market Street Advisory Board and Executive Committee and the Bay Area Rapid Transit District on the subject of planning and improving Market Street.

No objection and *motion carried*.

SPECIAL ORDER—2:00 P.M.

Board of Supervisors sitting as a County Board of Equalization.

File No. 300-65

(To equalize assessment of property on the local assessment roll. Board to continue in session for that purpose from time to time but not later than July 19, 1965, unless an extension of said period is granted.)

(See Journal of Proceedings for Board of Equalization.)

UNFINISHED BUSINESS.

Refused Passage.

The following from Planning and Development Committee without recommendation was taken up:

Adopting change in property use classification as an amendment to the Zoning Map of the City and County of certain property located on the north side of Parnassus Avenue between Hillway and Hill Point Avenues from R-4 to R-3 District.

File No. 36-65-4, Ordinance No.

(Lots 25, 26, 27, 28, 29, 30, 31, 32, 33, and 34, Block 1275.)

Supervisor Boas, seconded by Supervisor Morrison, moved that proponents and opponents be granted the privilege of the floor for a period of ten minutes each to present their case to the Board.

No objection and *motion carried*.

William Ferdon, Attorney, represented the proponents in place of Caspar Weinberger, who had withdrawn because of a possible conflict of interest. Mr. Ferdon introduced for the record a petition signed by 150 persons favoring the return of this area to R-3 zoning. Mr. Ferdon stated that this petition brings the total number of signatures to over 600.

James Martin MacInnis, Attorney, reviewed the past history of the question before the Board and presented arguments for the opponents. He presented for the record: (1) petition bearing 366 names of residents opposing the zoning reclassification; and (2) communication addressed to the Board dated July 6, 1965, transmitting photoprint of a panoramic map taken from the University of California master plan for its medical campus; a copy of a communication from John G. Kelley Associates, Architects and Planners, advising that the University of California plans provide for erection of a six-story building with the capacity to carry four additional stories possibly to be constructed at a later date; a copy of a communication from the University of California stating that rezoning of adjacent properties from R-2 and R-3 to R-4 is not in the best interest of the University.

The question was then taken into the hands of the Board.

The Clerk presented a communication from the Citizens Planning Committee supporting the change of use classification to R-3.

Supervisor Francois explained that when the matter was previously before the Board he had voted to change the use classification of the property to R-4. He is changing his vote now because since the previous Board action the Regents of the University of California have formally expressed their views, the University has stated it has no plans for construction on the north side of Parnassus in excess of five stories, and a question has arisen as to the validity of the signatures presented by the opponents.

Supervisor Morrison urged that the Board reaffirm its previous action and defeat the proposal before it today. This is a retrial of an issue previously heard fully and decided by the Board. No new evidence has been submitted.

In response to a question by Supervisor Moscone, James McCarthy, Director of Planning, stated that off-hand he would say that no new facts were presented to the Commission to support the application, but rather there was added emphasis on certain facts. The most substantial

change was the acquisition by Dr. Rider of additional property to the northwest.

Refused passage by the following vote:

Noes: Supervisors Blake, Casey, Ertola, McMahon, Morrison, Moscone, Tamaras, Tinney—8.

Passage for Second Reading.

The following recommendation of Transportation Committee, heretofore considered, was taken up:

(Supervisor Blake dissenting in Committee.)

Amending Section 32, subsection c, of the Traffic Code to provide for a minimum fine of two dollars for overtime parking on any street or alley and establishing continuous violation as separate offenses.

File No. 203-63-5, Ordinance No.

Supervisor Francois explained that the original proposal before the Committee was for a five dollar fine. The Committee felt that rather than increase the fine to five dollars it would be preferable to retain the two dollar fine but provide for successive tagging in order to correct the real problem, which is all-day parking.

Supervisor Ertola stated that he would vote in favor of a parking fine which is stated and posted. However, in his opinion successive tagging for the same violation is not right in principle.

Supervisor Tinney stated he would vote against the proposal because in his opinion the average man can ill afford the possible sixteen dollar fine for all-day overtime parking. There are many circumstances in which a person, through no fault of his own, might have to leave a car on the street for a long period of time.

Supervisor Tamaras stated he would vote against the proposal. Many persons inadvertently leave cars parked overtime. This legislation will be detrimental to the neighborhood shopping districts in particular.

Supervisor Morrison stated that if a five dollar fine is imposed, such a fine should apply in a redefined metropolitan traffic district where the parking problem is greater than it is in many neighborhoods. This proposal is more equitable than the imposition of a five dollar fine that

would apply to all violators uniformly, whether such violation were inadvertent for a short period of time or were deliberate all-day parking. Supervisor Morrison urged a yes vote.

Passed for second reading by the following vote:

Ayes: Supervisors Casey, Francois, McCarthy, McMahon, Morrison, Moscone—6.

Noes: Supervisors Blake, Boas, Ertola, Tamaras, Tinney—5.

Consideration Continued.

The following from Health and Welfare Committee, heretofore considered, was taken up:

Amending Section 1201 of the Housing Code to provide that dwelling units shall be supplied with heat capable of maintaining room temperature of 70° F.

File No. 92-65-1, Ordinance No.

Supervisor Casey announced that he had received a request from the San Francisco Hotel Association requesting another two-week continuance, since discussions with the Plumbing, Heating, and Cooling Contractors indicate concurrence in a proposal that the Association believes will be acceptable to all concerned. The delay is requested in order that the Association may discuss the proposal with the Board of Directors and others in the industry who will be affected.

Supervisor Moscone stated that he would not oppose the continuance; however, if a proposal is made to reduce the number of hours during which heat must be furnished, he would oppose such a proposal strenuously.

Supervisor Casey, seconded by Supervisor Moscone, moved that consideration be continued to July 19, 1965.

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—11.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Committee Meeting.

Supervisor Boas announced that the Planning and Development Committee would meet on July 13 and July 16, 1965, at 2:00 p.m., to consider the three proposals before the committee to amend the City Planning Code by regulating signs.

Supervisor Ertola, the proponent of one of the proposals before the Committee announced that he would not be able to be present on July 16 because of a long-standing business engagement which he must attend.

Supervisor Boas expressed his regret but explained that the plan is to hear proponents on July 13 and opponents on July 16. It has been difficult to set dates when all can be present. The following week is fully scheduled with regular meetings and it has been agreed by all concerned that it is desirable to schedule the two meetings as close together as possible.

In response to questions by Supervisor Ertola, the Clerk explained the requirement that proposed amendments to the City Planning Code be referred to the City Planning Commission for consideration and report. Supervisor Boas added that the proposals of the Department of City Planning and Supervisor Casey have both been considered by the City Planning Commission. If the Committee should decide that Supervisor Ertola's proposal is preferable, it will then be forwarded to the Department of City Planning for Commission action. He added that he realized that the matter of setting dates for Committee hearings other than the regularly established schedule is a matter for Rules Committee to decide.

Supervisor Ertola stated that he would not appeal the question to the Rules Committee.

Adopted.

Welcoming Adam Daniel Liam McCarthy.

Supervisor McMahon presented:

(Supervisor McCarthy dissenting in Committee.)

Declaring that public interest and necessity require the acquisition by the City of certain surplus Federal Government land in Fort Miley for public recreational and park use; and authorizing Director of Property to negotiate the purchase thereof.

File No. 297-65, Resolution No.

Supervisor Morrison explained that the Brandeis School is also an applicant for a portion of the surplus land. It is his view that the land should be preserved for future generations as an open-space park developed according to Recreation and Park Department plans. The question of the future of the Brandeis School is a separate issue. The City should try to assist the school in finding an alternate location.

Supervisor McCarthy stated that he felt there are many questions to be explored before action is taken by the Board, one of which is the question of whether or not the General Services Administration would accept an application from Brandeis School which permitted a dual use of a major portion of the land.

Supervisor Morrison, seconded by Supervisor Ertola, moved that consideration be continued to July 19, 1965.

Supervisor Francois observed that a continuance would be of no value unless the receipt of additional information is anticipated.

Supervisor Morrison, seconded by Supervisor Ertola, moved as an amendment to the pending motion that consideration be continued one week during which time the Director of Property will confer with representatives of Brandeis School as to possible alternate sites that might be made available to the school and the City Attorney will confer with the attorney for Brandeis School so that all legal problems can be investigated: possible dual use of the land for school and recreation and park purposes, and any other pertinent legal questions.

File No. 1-65, Resolution No. 439-65.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, Tamaras, Tinney—10.

Reference to Committee. (See infra.)

Supervisor Morrison, joined by Supervisors Casey, Ertola, Francois, McCarthy, Moscone, Tamaras, and Tinney presented:

Proposing a declaration of policy with respect to a San Francisco plan for a subsurface Golden Gate Freeway which would include phasing out the elevated Embarcadero Freeway.

File No. 323-63-2, Resolution No.

Supervisor Tinney stated that the plan seems to him to do many things: It creates the first break-through in the freeway impasse; unifies the Interstate System; relieves traffic congestion on the water front; solves the Embarcadero Freeway problem; creates a truly landscaped boulevard. Due regard has been given to all interests. Supervisor Tinney thanked his fellow colleagues for what may be the beginning of a solution to this great freeway problem.

Supervisor McCarthy expressed his hope that the State will recognize the seriousness with which this measure is introduced and the Board's intention to do all in its power to have the plan implemented.

Supervisor Francois observed that although the increased amount of undergrounding might appear to be a more expensive manner of construction, the increased cost might very well be offset to a substantial

degree by the fact that there will be a great decrease in cost of acquiring right-of-way.

Supervisor Tamaras stated that in his opinion the planning of this proposal is remarkable and he favors complete exploration. The plan envisions no real estate will be removed from the tax roll, the character of the Marina will be preserved, and the economic health of downtown San Francisco will be improved.

Supervisor Morrison added that it seems important to mention the key work of the San Francisco Chamber of Commerce that has resulted in this proposal. The Chamber, working with each member of the Board, generated this idea and brought it to fruition. It is a most imaginative solution. It would bring down the elevated Embarcadero Freeway, take no property from the tax roll, and would open up the Embarcadero for development.

Referred to Joint Committee on Transportation and Planning and Development for public hearing on July 22, 1965.

Adopted.

Authorizing the temporary closing of Ninth Avenue between Clement and Geary Streets, October 2 and 3, 1965, and O'Farrell Street between Webster and Fillmore Streets, July 14, 1965.

UNFINISHED BUSINESS.**Adopted.**

The following recommendations of Finance Committee, heretofore considered, were taken up:

(Supervisor McCarthy dissenting in Committee.)

Declaring that public interest and necessity require the acquisition by the City of certain surplus Federal Government land in Fort Miley for public recreational and park use; and authorizing Director of Property to negotiate the purchase thereof.

File No. 297-65, Resolution No. 470-65.

The Director of Property advised that conferences had been held with representatives of the Recreation and Park Department, the Brandeis School, the School Department, and with the Director of Planning and the Director of the United States Department of Health, Education and Welfare. There appears to be no way in which surplus City land could be made available to the Brandeis School on a negotiated basis.

The Director of Property and Deputy City Attorney James Stark stated that the law would not permit Brandeis School to apply for the surplus Ft. Miley land with the intention of making a portion of that land available for public park purposes.

Nathan Cooper of the Controller's office informed the Board that the Recreation and Park Department does not at this time have sufficient funds to purchase the property. Regardless of the source of any additional funds, the expenditure will have an effect on ad valorem taxes.

Supervisor Moscone moved that the legislation be amended by reducing the acreage to 3.4 acres so that Brandeis School might apply for the remainder of the land.

Motion lost for want of a second.

Supervisors Morrison and Tamaras urged adoption of the subject proposal. This area, with its spectacular scenic view, should be preserved for the people as an open public park. The survival of the Brandeis School is important and it is within the Board's power to see that the school does not lose its present location.

Supervisor Francois urged a no vote because the City does not at present have sufficient funds for the purchase, and the existence of the Brandeis School would be jeopardized by the City's application.

Supervisor Ertola urged that the property be given to the people of San Francisco and that the Board work toward helping the Brandeis School solve its problem of locating a new school site.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, McMahon, Morrison, Tamaras, Tinney—8.

Noes: Supervisors Francois, McCarthy, Moscone—3.

Adopted.

There being no objection, at the request of Supervisor Boas, the following recommendation of Joint Health and Welfare and Finance Committee, appearing on the calendar under "New Business" was taken up out of order:

Determining and declaring that public interest and necessity require the submission of a bond issue in the sum of \$33,670,000 for a San Francisco Medical Center.

(Determining and declaring that public interest and necessity demand the acquisition, construction or completion by the City and County of San Francisco of the following municipal improvement, to wit: San Francisco Medical Center, including additions to the County Hospital buildings, x-ray and laboratory apparatus, and clinic facilities and equipment, to provide for the diagnosis, care and treatment of disease and injury, including maternity care, nursing and research facilities, together with all other works, property or structures necessary or convenient for the San Francisco Medical Center for the protection of the public health, and that the estimated cost of said municipal improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.)

File No. 277-65-1, Resolution No. 467-65.

Chief Administrative Officer Thomas J. Mellon and the Director of Public Health, Dr. Ellis D. Sox, spoke in favor of the proposed bond issue.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—11.

Adopted.

There being no objection, at the request of Supervisor Boas, the following from Joint Health and Welfare and Finance Committee without recommendation, appearing on the calendar under "New Business" was taken up out of order:

Determining and declaring that public interest and necessity require the submission of a bond issue in the sum of \$29,000,000 for improvement of the War Memorial Center.

(Determining and declaring that public interest and necessity demand the acquisition, construction or completion by the City and County of San Francisco of the following municipal improvement, to wit: Improvement of the War Memorial Center of the City and County of San Francisco, including lands, buildings, additions to, remodeling of, and improvement and reconstruction of, the existing War Memorial Center for the benefit of war veterans and for public educational, cultural, recreational, entertainment and other municipal purposes, together with all other works, property or structures necessary or convenient for the improvement of the War Memorial Center of the City and County of San Francisco, and that the estimated cost of said municipal improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.)

File No. 278-65-1, Resolution No. 468-65.

Supervisor McCarthy, seconded by Supervisor Francois moved adoption.

There being no objection, on motion of Supervisor McCarthy, the privilege of the floor was granted to members in the audience wishing to speak.

The following spoke in favor of the proposal:

Wilson Meyer, President, War Memorial Board of Trustees;

Jack Rogers of Skidmore, Owings & Merrill, Architects;

James R. McCarthy, Director of Planning.

Harry Wentworth, representing the California Disabled American Veterans, stated that the Veterans do not oppose the proposal; all they ask is that the Veteran groups now occupying the Veterans Building be left intact.

Lou Brenner spoke in opposition.

Supervisor Morrison stated that he has had serious reservations concerning this proposal. It seems to be deficient in a number of respects: there is a question as to whether a 2200 seat theatre should be placed in this location; there is a question as to whether a center for performing arts is valid for San Francisco; the City's planning resources have not been brought to bear on this problem. However, since the Director of Planning is convinced that this is valid planning, Supervisor Morrison said that he has decided to substitute Mr. McCarthy's judgment for his own and will vote "yes" and let the voters decide.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—11.

Final Passage.

SPECIAL ORDER—2:00 P.M.**Board of Supervisors sitting as a County Board of Equalization.**

File No. 300-65.

(See Journal of Proceedings for Board of Equalization.)

Adopted.

There being no objection, the following recommendations of Joint Transportation and Planning and Development Committee, appearing on the calendar under "New Business" were taken up out of order:

(Supervisors Blake, Boas, McMahon dissenting in Committee.)

Declaring policy relative to a San Francisco plan for a subsurface Golden Gate Freeway which would include phasing out the elevated Embarcadero Freeway; and disapproving State proposals for a Golden Gate Freeway.

File No. 323-63-2, Resolution No. 475-65.

Supervisor Blake urged a "no" vote. He stated that the people of San Francisco do not want this route; 30,000 petitions were submitted opposing it because it was felt a review of the Master Plan should be conducted before adoption of any route. The proposal is impractical and dangerous; it is not known what the cost will be. Supervisor Blake said that if there were sound engineering studies supporting the proposal he would have supported it. Another Bay crossing is sorely needed and a decision should first be reached on this question.

Supervisor Morrison stated that this proposal will substantially unite the community behind a freeway plan. The only objections which have been voiced have come from those who object to any freeway construction.

Supervisor Tamaras said that he would vote in favor of this policy statement, although it should not be considered as any indication of how he will vote in the future when a State plan is submitted, which plan he will consider at that future time on its merits.

Supervisor Francois said that the people have been frightened into believing that the State can use this policy statement as authority to build any kind of freeway it desires. It is very clear that the State must come to the Board with a plan and if the City does not approve of the plan, the City can refuse to enter into a freeway agreement.

No.	Name of Applicant	Block	Lot	Assessed Valuation		Equalization Requested
				Building	Land	
A1	City Attorney	3724	63	Total	\$ 681,730	Possessory Interest
A2	City Attorney	286	24	Total	1,138,000	Possessory Interest
A3	City Attorney	3724	63	Total	640,700	Possessory Interest
A4	City Attorney	286	24	Total	1,108,900	Possessory Interest

Deputy City Attorney Orville Wright explained that in years 1963 and 1964 the County Board of Equalization, on application of the City of San Francisco Downtown Parking Corporation and the City of San Francisco Uptown Parking Corporation, reduced the possessory interest assessments to zero. A taxpayer brought a suit alleging that the action of the Board was without substantial evidence. The Courts found that the assessments were improperly reduced and has ordered them restored.

Supervisor Morrison, seconded by Supervisor Tamaras, moved that, pursuant to orders of the Superior Court in Actions Nos. 524760 and 535652 entitled "Shirley Stamps, Plaintiff, vs. Board of Supervisors of the City and County of San Francisco, sitting as the Board of Equalization of the City and County of San Francisco, Defendants," the following possessory interest assessments for the years 1962-1963 and 1963-1964 be restored to the assessment roll for the current year:

City of San Francisco Downtown Parking Corporation (Fifth and Mission Garage), Assessor's Block 3724, Lot 63, assessed value \$681,730 (escaped assessment for the year 1962-1963);

City of San Francisco Uptown Parking Corporation (Sutter-Stockton Garage), Assessor's Block 286, Lot 24, assessed value \$1,138,000 (escaped assessment for the year 1962-1963);

City of San Francisco Uptown Parking Corporation (Sutter-Stockton Garage), Assessor's Block 286, Lot 24, assessed

value \$1,108,900 (escaped assessment for the year 1963-1964).

The Chair inquired if there were anyone present desiring to speak on the motion.

H. Kelly Ogle, Attorney representing the City of San Francisco Uptown Parking Corporation, stated that he had no comments but wished his presence to be recorded.

Absent: Supervisors Blake, McMahon—2.

Mr. John F. Bailey, agent for the Bank of America, was examined under oath on the subject application. He explained that the grounds for the requested equalization were that the Bank felt that the value of the improvements should be reduced by the value of the electronic data processing equipment, which was personal property and exempt from taxes under the California Constitution. The Assessor explained that this matter was now before the courts for a determination. The applicant is laying a foundation in case a law suit is won. Rev. Hamilton Boswell, 164 Sixth Avenue;

Daniel F. Del Carlo, Secretary-Treasurer, S.F. Building and Construction Trades Council, 2940 Sixteenth Street;

Louis Goldblatt, Secretary-Treasurer, ILWU.

Russell L. Wolden, Assessor, stated that this is an excellent project and an asset to San Francisco. It is the Assessor's duty to make the kind of assessment that has been made.

M. Justin Herman, Executive Director, Redevelopment Agency, testified that in many areas of the country this same problem is being met by recognizing that if there cannot be an increase in income of shareholders and properties cannot provide a higher return, the limited return, in fact, sets a restrictive value on the property itself.

The Director of Property stated that normally appraisal is made on fee simple title. In this case the fact that there are restrictions on the density permitted was taken into consideration. The Director did not take into consideration anything having to do with marketability.

Supervisor Blake, seconded by Supervisor Morrison, moved that the assessed valuation of buildings be reduced from \$308,000, \$368,500, and \$350,400 to \$77,000, \$110,000 and \$54,000 respectively, and the assessed valuation of land be reduced from \$102,080, \$89,660, and \$90,205 to \$97,530, \$85,660, and \$86,180, respectively, being the same as last year's assessment.

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—11.

Supervisor Moscone requested that prior to the next session of the State legislature, the Assessor advise the Board as to the type and content of proposed State legislation which might be endorsed by the Board for the purpose of making either permissible or mandatory the assessment of developments such as St. Francis Square Apartments at a level lower than existing law requires.

This area will be completely filled in by 1967. At that time the Sanitary Fill Company will use an area to the east of the Bayshore Freeway.

On September 21 the voters of Brisbane will vote on whether to revoke all permits for fill and cover or not. The renewal option with the Sanitary Fill Company comes up in 1967.

President Tinney thanked Dr. Goercke for his remarks.

Finally passed by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—11.

Ordered Submitted.

The following recommendations of Governmental Services Committee were taken up:

Charter amendment—Amending Section 125 to provide that platform men and bus operators shall be paid an amount sufficient to equal the compensation for forty hours a week where the actual earnings are less than that amount, provided that each such platform man and bus operator reports ready for work on each day of his regularly assigned work week.

File No. 233-65.

Ordered submitted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, McCarthy, Morrison, Moscone, Tamaras, Tinney—9.

Noes: Supervisors Francois, McMahon—2.

Charter amendment—Adding Section 142.6, to provide that temporary training and economic assistance positions, the compensation for which are paid in whole or in part from Federal or State funds, may, by order of the Civil Service Commission, be exempt from the civil service provisions of the Charter.

File No. 311-65.

Ordered submitted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—11.

(Supervisor Ertola dissenting in Committee.)

Charter amendment—Amending Sections 35, 36 and 140, increasing membership on the Police Commission, Fire Commission, and Civil Service Commission from three to five persons.

File No. 268-65.

Supervisor Tamaras stated that the Governmental Services Committee voted four to one to recommend this to the full Board. In these modern times the Charter should be up-dated so as to bring about racial composition of the present three-man commissions. This same situation is not only a San Francisco problem but other cities are facing the same difficulty. We must face reality and give the people of San Francisco the right to make this decision by expressing themselves at the November election.

In opposition, Supervisor Ertola stated that the Charter does allow racial selection by the Mayor when making commission appointments. The present Fire, Police and Civil Service Commissions do operate with efficiency. The present Police Commission has not missed any meetings due to the absence of members. In this proposed Charter amendment there is no assurance that there must be appointments from the various minority groups.

Ordered submitted by the following vote:

Ayes: Supervisors Blake, Boas, Francois, McCarthy, Morrison, Moscone, Tamaras—7.

Noes: Supervisors Casey, Ertola, McMahon, Tinney—4.

Passage for Second Reading.

Supervisor Casey, seconded by Supervisor Francois, moved "do pass."

Supervisor Boas Excused from Consideration and Voting.

Supervisor Boas stated that since he is in the business of automobile repairs, he asked to be excused from consideration and voting.

No objection.

Supervisor Moscone presented as an amendment a revised draft of the legislation.

Amending the Fire Code by adding Section 8.09 thereto, relating to Services Permitted on an Automotive Service Station.

File No. 163-64, Ordinance No.

Supervisor Moscone stated that this amendment would allow only certain minor repairs such as adjustments of fan belts, distributor points, etc., the installation of spark plugs, radiator hose, etc., and the servicing of tires and batteries. No other repairs or services other than those specifically enumerated would be performed. A permit from the Chief of the Division of Fire Prevention and Investigation would have to be obtained for any other work.

Supervisor Moscone, seconded by Supervisor Tamaras, moved adoption.

Refused adoption by the following vote:

Ayes: Supervisors Moscone, Tamaras—2.

Noes: Supervisors Blake, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Tinney—8.

Supervisor Morrison presented as an amendment a revised draft of the legislation.

Amending the Fire Code by adding Section 8.09 thereto relating to Services Permitted on an Automotive Service Station.

File No. 163-64, Ordinance No.

Supervisor Morrison stated that the amendment would allow certain repairs and permit the Chief of Department to prepare a list of minor repairs that would be permitted.

Supervisor Francois stated that he thought the original ordinance before the Board for action was good but that Section 5 of the amendment by Supervisor Morrison should be incorporated into the original amendment as Section "o" with certain minor changes, as follows:

o. Such other minor repairs which the Chief of Department determines do not constitute a fire hazard in an automotive service station. The Chief of Department shall promulgate a list of such other minor repairs to motor vehicles permitted on an automotive service station and shall publish such a list once a week for two successive weeks in the official publication of the city and county. Such list shall at all times be available in the office of the Division of Fire Prevention and Investigation and in the office of the Clerk, Board of Supervisors and, when appropriate in the judgment of the Chief of Division, mailed or delivered to any person or group of persons whom the Chief of the Division believes to be interested therein. Such list may be revised when found necessary by the Chief of Department and such revised list shall be published in the same manner as the original list.

Supervisor Morrison withdrew his proposed amendment.

Supervisor Francois, seconded by Supervisor Blake, moved adoption of this amendment and incorporate it as Section "o" in the original amendment.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Francois, McMahon, Tinney—6.

Noes: Supervisors McCarthy, Morrison, Moscone, Tamaras—4.

File No. 411-64-1.

Supervisor Casey stated that he felt not many people would want to conduct an expensive election campaign to be a member of the Board of Education when the salary was only \$100 per month.

Supervisor McCarthy agreed that this amount was too low and wished to amend the original ordinance by increasing the wage from \$100 to \$200 per month.

Supervisor McCarthy, seconded by Supervisor Morrison, moved by the following vote:

Ayes: Supervisors Casey, Francois, McCarthy, Morrison, Moscone—5.

Noes: Supervisors Blake, Boas, Ertola, McMahon, Tamaras, Tinney—6.

Charter amendment—Amending Section 134 to provide that one member of the Board of Education be elected from each State Assembly District in the City and County, as apportioned and constituted and with the boundaries as established by State law on the effective date of this amendment or as thereafter reapportioned and reconstituted, by vote of the electors thereof, and the balance of the members of said Board of Education shall be appointed by the Mayor.

File No. 338-65, Resolution No.

There being no objection, the privilege of the floor was granted to the attorney for the appellant, William L. Ferdon, 111 Sutter Street. Mr. Ferdon explained that a supplemental petition containing seventeen signatures had been filed with the City Engineer this date, and requested that consideration be postponed to Monday, September 13, 1965.

Supervisor Francois, seconded by Supervisor Moscone moved that the matter be continued to September 13, 1965.

Deputy City Attorney advised the Board that Section 117.1 of the Charter requires that appeal be perfected within thirty days of action by the City Planning Commission. The thirty-day time limit expired August 15, 1965, and the appeal did not qualify on that date.

Request Granted.

Supervisor Francois requested that the City Attorney be asked to prepare proposed legislation which would have the effect of reducing the number of signatures required on an appeal from a decision of the City Planning Commission; requiring that the appellant be notified as to whether signatures on appeal are of sufficient number; and granting

applicant sufficient time after notice of insufficiency to file additional signatures.

There being no objection, the Clerk was directed to comply.

File No. 339-65, Resolution No.

There being no objection, on motion of Supervisor Casey, seconded by Supervisor Blake, consideration was temporarily postponed so that Theodore Vollenweider of the City Engineer's Office might verify the calculations as to the percentage of signatures contained on the petition.

Adopted.

The following recommendation of Heath and Welfare Committee was taken up:

Approving the August report of the Interdepartmental Committee on Water Pollution Control, and establishing policy relative to the protec-

tion and beneficial use of San Francisco Bay and its contiguous shoreline within the limits of the City and County east of the Golden Gate Bridge.

File No. 247-63-10, Resolution No. 573-65.

Supervisor McCarthy explained that some declaration of City policy is necessary prior to the impending meeting of the State Regional Water Pollution Control Board. This legislation is intended only to avoid any immediate directives from the Control Board which would impose substantial economic obligations on the City. It is not intended as a final policy statement. The Health and Welfare Committee plans to hold hearings in November or December to explore this matter further.

Adopted by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—10

Absent Supervisor Blake—1.

Refused Adoption.

The following presented by the Clerk, heretofore considered and temporarily postponed, was taken up:

Fixing date of Monday, September 13, 1965, for hearing the appeal from the decision of the City Planning Commission denying application to change the use classification of that certain triangular area bounded generally by Bayshore Boulevard, Paul Avenue, and the C-2 District along the west side of Third Street, from R-1 to R-2 District.

File No. 339-65, Resolution No.

Theodore Vollenweider of the City Engineer's Office, reported on the size of the area and the number of signatures required and filed.

Lee Alfred Willis, appellant, advised the Board that he had originally sought to have only his property reclassified, but that he had been influenced by members of the Department of City Planning staff to include other properties in his application. Mr. Willis now wishes to appeal only from the decision relating to his property or to reapply to the City Planning Commission for reclassification of his property only.

Deputy City Attorney Bernard Ward advised that on appeal before the Board the appellant cannot abandon part of his original application, that since the time for perfecting the appeal has expired, the Board is powerless to fix a date for hearing the appeal. Mr. Ward further suggested that Mr. Willis might have the right to reapply for zoning reclassification of his property only. The City Attorney's Office could then investigate to see if the Charter section might be interpreted to permit such reapplication within the one-year period, particularly in view of Mr. Willis' allegations that he had been advised by the department to include other properties in his original application.

Supervisor Morrison, seconded by Supervisor McCarthy, moved adoption.

Refused adoption by the following vote:

Noes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—11.

Request Granted.

Supervisor Blake requested that a letter be sent to Lee Alfred Willis, 201 Paul Avenue, appellant in the above appeal from decision of the City Planning Commission, explaining the procedures for filing applications to the City Planning Commission and appeals to the Board of Supervisors from decisions of the City Planning Commission.

No objection and Clerk directed to comply.

Request Granted.

Supervisor McCarthy requested that the Director of Planning be advised of the allegations of Lee Alfred Willis that he had originally sought to have only his property reclassified but that he had been influenced by members of the Department of City Planning staff to include other properties in his application and that Mr. Willis now wishes to reapply for reclassification of his property only.

No objection and Clerk directed to comply.

The Board thereupon resumed consideration of calendar items, recommendations of Health and Welfare Committee, in the order in which they appeared therein.

The following recommendations of Health and Welfare Committee, heretofore considered, were taken up:

Declaring need for activation and administration in San Francisco of the Food Stamp Program under the Federal Food Stamp Act of 1964.

File No. 165-65-3, Resolution No. 604-65.

Ronald Born, Director of the Department of Social Services, informed the Board as to estimated costs and requirements of the program. Approval by the Board will indicate a policy determination that such a program would be desirable and would thereby authorize the Social Services Commission to submit an application to the State. If such application is approved, the Commission must then submit to the Board a request for supplemental appropriation to implement the program. The Board must also approve the entering into of any agreements.

Mrs. John M. Douglas, President of the Social Services Commission, advised that the Commission has not as yet acted on the program because it has been under consideration by the Board of Supervisors. She stated that there is an existing need for the program in San Francisco.

Supervisor Blake, seconded by Supervisor Ertola, moved re-reference to Committee so that the Social Services Commission can take action before the Board acts and so that the Mayor may be requested to advise the Committee as to his reasons for his veto of a previous measure relating to the Food Stamp Act.

Supervisor Francois urged a "no" vote on the motion. This matter has been heard in Committee. The Department of Social Services indicates that they feel this is a needed service.

Supervisor Moscone urged a "no" vote on the motion. The President of the Social Services Commission has stated that it is possible that the food allotment subsidy might be sufficient in many cases to make it possible for low income persons or families to exist without seeking other public assistance. This would be extremely worthwhile.

Supervisor McCarthy stated that this matter has been heard over a period of four to five months in Committee. The Board does have control in the future of appropriation of funds to implement the plan.

Supervisor Tamaras urged a "no" vote for the reasons expressed by other Board members and because such a plan is necessary to alleviate the plight of needy families.

In response to a question by Supervisor Ertola, Deputy City Attorney Thomas Blanchard informed the Board that the subject legislation requires only a majority vote for adoption, since this is not the same legislation that was previously vetoed by the Mayor.

Motion to re-refer to committee *refused adoption* by the following vote:

Ayes: Supervisors Blake, Tinney—2.

Noes: Supervisors Boas, Ertola, Francois, McCarthy, Morrison, Moscone, Tamaras—7.

Absent: Supervisors Casey, McMahon—2.

Thereupon the roll was called on the foregoing legislation and it was *adopted* by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, Moscone, Tamaras, Tinney—9.

Absent: Supervisors Casey, McMahon—2.

On behalf of all members of the Board, Supervisor Ertola extended a welcome to the internes.

The Chair introduced and welcomed James Andrews, Superintendent of the U. S. Mint, and Mrs. Charles A. Ertola, Sr.

Final Passage.

Fontana & Sons, Inc., as described in Declaration of Intention, Order No. 65,673 of the Department of Public Works dated February 7, 1964.

File No. 397-61.

Mrs. Paul Pettingill, 291 Wheeler Avenue, reiterated her protest of the preceding week that her property (Lot 66, Block 6177) was being assessed for street work fronting a gore which is not owned by her and which has made it very difficult for her to develop the property.

SPECIAL ORDER—2:00 P.M.

Presentation of Progress Report by the Bay Area Rapid Transit District on the subject of planning for Market Street.

File No. 297-61.

The Chair welcomed his Honor, Mayor Shelley.

Adrien J. Falk, President, Bay Area Rapid Transit District, began the presentation. A copy of Mr. Falk's statement is contained in the file.

John Weese of Skidmore, Owings and Merrill, project architects, made a presentation and showed slides on the development of preliminary designs for the Montgomery and Powell Street stations for BARTD and the Municipal Railway. A copy of Mr. Weese's statement is contained in the file.

John Lyon Reid of Reid and Tarics, architects, reported on and showed slides of the design of the Civic Center station.

In response to questions by Supervisor McCarthy, Thomas Creighton, one of the City's design consultants, stated that the consultants had worked from designs very similar to the plans presented today. The consultants were asked to work closely with station architects; they did not take this to indicate that they should develop alternative station plans.

In response to questions by Supervisor McCarthy, James McCarthy, Director of Planning, stated that the original concept which BARTD had developed was for continuous mezzanines between stations, based on the assumption that construction would be by open cut and cover method. There were subsequent expressions against this concept, and when it was decided to use a tunneling method, the idea of a continuous mezzanine was dropped.

Mr. McCarthy continued that with the major reconstruction of Market Street and of the methods of reaching downtown which the subways will afford, it would be in the best interest of the City to provide for grade separation between pedestrian and vehicular traffic. To fall short of this at the important street crossings would be regretted in the future.

In response to questions by Supervisor McCarthy, John Weese stated that in his opinion the plans provide for sufficient circulation without extending the mezzanines. Entrances can be shifted to locations nearer street intersections if this deemed advisable. It is the architects' feeling that pedestrians should remain at street level as long as possible.

John E. Everson, consulting engineer to BARTD, reviewed the history of planning and designs for the subway and mezzanines, stating that plans now place the mezzanines much closer to the surface than did earlier designs, and that any movement of the Powell Street station eastward would create difficulties with the utility companies.

In response to questions by Supervisors Francois and McCarthy, Mr. Falk stated that BARTD is sympathetic to the City's desire to increase the length of station mezzanines and will support the City's application for Federal funds. He continued that BARTD will not oppose construction of a station at Davis Street; however, construction in the first phase would be practically impossible. If it were possible to build a station at Davis Street today, it would probably cost about six and a half million dollars; if construction were delayed, it might cost as much as eight million dollars.

The State will advance funds for construction between the first station in San Francisco and the first station in Oakland; therefore, if a station is constructed at Davis Street, it will mean a loss of twelve million dollars in State Funds.

Supervisor Morrison requested that BARTD furnish the Board with figures showing the total budget for Market Street construction broken down by amount budgeted for each station, tunneling, design, contingencies, and inflation, with an estimate of the added cost of providing additional pedestrian crossings at Fourth, Seventh, and Sansome Streets. Supervisor McCarthy requested that Eighth Street also be included. Mr. Falk agreed to furnish the requested information.

James R. McCarthy, Director of Planning, stated that the Market Street Technical Advisory Committee and the Project Manager would delay their presentations until a later date.

The Chair thereupon declared the presentation concluded.

Report by Mayor Shelley on allocation of Federal Funds for construction of freeways as a part of the San Francisco trafficways system and the National Defense Highways system.

Mayor Shelley informed the Board that Federal authorities controlling the allocation, disbursement, and use of Federal Defense Highway funds have agreed to allow San Francisco and the State of California a reasonable period of time within which to come to agreement on the use of these funds for the purpose for which the allocation was originally intended. He stressed the need for prompt decision to prevent the loss of Federal funds.

The Mayor said that one point mentioned to him in Washington was that Federal funds had been allocated to meet the need of the United States for an interstate defense highway system. One of the objections raised by the Defense Department was to the use of long tunnels in a defense highway system as being unsatisfactory for the movement of men and equipment. Also, San Francisco is considered to be the main base of logistic supply for the Pacific area and the City should give consideration to defense needs for an interstate system. Otherwise it might be necessary to move the main base of supply elsewhere.

The Mayor recommended that the City and State explore together the feasibility of the Golden Gate Freeway proposal endorsed by the Board and, if necessary, work out promptly a modification between that proposal and the original F-F-5 route.

Supervisor McCarthy requested that the Board be furnished with information as to what the Defense Department considers minimal requirements with regard to its objections to lengthy tunnels and also requested that the Department of City Planning assist the Board by providing an indication of the location of major logistic centers in San Francisco and the distributive procedures applicable thereto.

Supervisor Blake stated that he had been informed that the Crosstown Tunnel could be built with State highway funds and that he does not feel San Francisco should be forced to build a freeway it does not want. San Francisco should investigate means by which the Crosstown Tunnel can be built.

The Chair thanked the Mayor for the information he had furnished to the Board and for his extraordinary efforts on behalf of the City.

Supervisor Ertola explained that he opposed the proposal because

the existing setback had been established because the Board thought it was good planning to do so. The restriction should not be removed now just because the property is under the control of the Redevelopment Agency. Private developers and contractors have the same rights as the Agency.

Supervisor Tinney agreed, stating that he did not think good planning is so ephemeral as to warrant frequent changes in standards.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

Monday, October 11, 1965—2:00 p.m.

In meeting of the Board of Supervisors, San Francisco, Monday, October 11, 1965—2:00 p.m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—11.

President Joseph E. Tinney presiding.

Supervisor McMahon excused from attendance at 4:05 p.m. (See infra.)

Presentation of Guest.

The Chair introduced and welcomed Raymond Rudler, technical advisor to the Minister of State of France, visiting the United States under mutual arrangements with the United States Department of State.

UNFINISHED BUSINESS.

Final Passage.

The following recommendation of Finance Committee, heretofore considered, was taken up:

Authorizing settlement of litigation of Pearl Lee against the City and County by the payment of \$950.

File No. 104-65-38, Ordinance No. 259-65.

(Municipal Court Action 530134.)

Finally passed by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—11.

Passage for Second Reading as Amended.

The following recommendations of Planning and Development Committee, heretofore considered, were taken up:

Amending City Planning Code by adding, amending and repealing various sections pertaining to the regulation of signs.

File No. 138-62-7, Ordinance No.

(Adds: Article 6 (Sections 601 through 609.9.)

Amends: Sections 115, 141, 153, 201.1, 203.1, 204.2, 205.1 205.2, 207.1, and 209.1.

Repeals: Sections 143, 144, 145, 146, 147, and 148.)

Supervisor McCarthy requested that he be excused from voting because of a conflict of interest. An associate in Supervisor McCarthy's law office has represented the sign industry before the City Planning Commission and the Board of Supervisors.

No objection and request granted.

Supervisor Boas reviewed the purpose of the proposal before the Board, the legislative history, and gave a summary of the various components of the legislation. He stated that he had only one reservation and this was in regard to the amortization period for signs along freeways.

Supervisor Ertola, seconded by Supervisor Blake, moved that Section 609.4 be amended to read as follows:

"SEC. 609.4. Signs Near Non-Landscaped Freeways. Any lawfully existing sign which is now or hereafter near a non-landscaped portion of a freeway and which does not conform to the provisions of Section 608.5 of this Code shall be removed or altered to conform therewith within 15 years after the effective date of this Article 6, or within 15 years after such date as the precise route of the freeway has been determined and designated but not before such route has been opened to traffic, whichever date is later; provided, however, that any lawfully existing sign near the James Lick Freeway if located west of Fifth Street, north of Division Street, and east of 10th Street, or near the San Francisco-Oakland Bay Bridge approach east of Fifth Street need not be removed or altered to conform to Section 608.5 prior to the end of its normal life if located within the area exempted from the prohibition of freeway signs by Section 4721.D (2) of the San Francisco Building Code as that Section was in effect immediately prior to the effective date of this Article 6."

Supervisor Morrison, seconded by Supervisor Francois, moved as an amendment to the pending motion, that the amortization period for signs south of Division Street be placed at five years.

Supervisor Morrison stated that he does not agree with the measure the Planning and Development Committee reported out because it is too mild. Now another major concession has been proposed. Supervisor Morrison called upon the Board to assert the public interest. If the Board will enact the pending motion as amended, the people will still have a sign control ordinance that will serve them well. Supervisor Morrison urged a "yes" vote on the motion as amended.

Supervisor Ertola spoke against the proposed amendment to the amendment, stating that the public interest is not all against signs. The proposal before the Board will hurt not only the electrical workers but also people employed in all the related industries.

In response to questions by Supervisor Moscone, James McCarthy, Director of Planning, said that the one significant aspect of the ordi-

nance before the Board is that for the first time the use and location of all signs would be regulated. Supervisor Morrison's amendment is more in keeping with the original recommendations of the Planning Commission. The proposed amendment affects the first impression of the City from the single most important entrance from the south.

Supervisor McMahon stated that in her opinion the most important aspect of the ordinance is the regulation of signs along freeways. Many people thoroughly object to freeways because they are ugly; signs don't help. Now the Board is faced with further limiting of the effectiveness of the ordinance by allowing signs to remain for their normal life between the Bay and Division Street. The sooner San Francisco gets rid of freeway signs, the better.

Supervisor Tamaras stated that in his opinion there are good arguments for supporting the position of labor. He then requested that Supervisor Morrison change his amendment to permit signs south of Division Street to remain for ten years. Supervisor Morrison declined.

Supervisor Ertola said that he would settle for ten years.

Motion to amend the amendment refused adoption by the following vote:

Ayes: Supervisors Francois, Morrison, Moscone—3.

Noes: Supervisors Blake, Boas, Casey, Ertola, McMahon, Tamaras, Tinney—7.

Excused from voting: Supervisor McCarthy—1.

Supervisor Boas, seconded by Supervisor Tamaras, thereupon moved that the pending motion by Supervisor Ertola be amended to read as follows:

"SEC. 609.4. Signs Near Non-Landscaped Freeways. Any lawfully existing sign which is now or hereafter near a non-landscaped portion of a freeway and which does not conform to the provisions of Section 608.5 of this Code shall be removed or altered to conform therewith within 10 years after the effective date of this Article 6, or within 10 years after such date as the precise route of the freeway has been determined and designated but not before such route has been opened to traffic, whichever date is later; provided, however, that any lawfully existing sign near the James Lick Freeway if located west of Fifth Street, north of Division Street, and east of 10th Street, or near the San Francisco-Oakland Bay Bridge approach east of Fifth Street need not be removed or altered to conform to Section 608.5 prior to the end of its normal life if located within the area exempted from the prohibition of freeway signs by Section 4721.D (2) of the San Francisco Building Code as that Section was in effect immediately prior to the effective date of this Article 6."

Supervisor Francois inquired whether an amendment to Supervisor Boas, foregoing motion would be in order.

The Chair ruled that it would not be in order since there were two amendments pending, and any additional amendment would be objectionable and out of order because of remoteness.

Supervisor Morrison said that he had understood Supervisor Ertola to accept the suggestion of Supervisor Boas, in which case only the main motion would be before the Board.

The Chair disagreed since Supervisor Ertola had not withdrawn nor restated his amendment, and the ruling on Supervisor Francois' question was allowed to stand.

Motion to amend the amendment adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Tamaras, Tinney—6.

Noes: Supervisors Francois, McMahon, Morrison, Moscone—4.

Excused from voting: Supervisor McCarthy—1.

The following recommendations of Finance Committee were taken up:

Approving agreement between Recreation and Park Commission and the Stow Lake Company for the operation of boat rental and refreshment stand at Stow Lake in Golden Gate Park.

File No. 303-65, Ordinance No.

The Clerk presented a communication from Joseph W. Cotchett, representing Welch and Smith, appealing the agreement with Stow Lake Company and requesting an opportunity to present said appeal before the Board on November 8, 1965.

Supervisor Morrison stated that at the last hearing before the Finance Committee the City Attorney had advised that the Recreation and Park Commission was on firm ground in disqualifying the high bidder, represented by Mr. Cotchett. The Committee therefore saw no alternative but to recommend approval of the agreement.

Supervisor Blake presented another communication from Mr. Cotchett alleging that the invitation to bid did not specifically require five years boating experience in the last 10 years and that rejection of his clients' bid will cost the City a minimum of \$50,000.

Deputy City Attorney Thomas Blanchard informed the Board that while the invitation to bid did not specifically require boating experience, reading the specifications as a whole made it clear that the intent was to require boating experience.

Supervisor Blake, seconded by Supervisor Francois moved that the legislation be re-referred to Committee for further consideration.

Supervisor McCarthy stated that the substantial evidence received by the Finance Committee at the second hearing lead the Committee to believe that the Recreation and Park Commission was within its complete power and jurisdiction. The Commission drew up what can be described as reasonable specifications, called for bids, and then proceeded to award the contract on those specifications. The Board of Supervisors does not have the authority to overrule the Recreation and Park Commission.

Motion to re-refer to Committee refused adoption by the following vote:

Ayes: Supervisors Blake, Boas, Francois, Tinney—4.

Noes: Supervisors Casey, Ertola, McCarthy, McMahon, Morrison, Moscone, Tamaras—7.

Passed for second reading by the following vote:

Noes: Supervisors Blake, Boas, Francois—3.

Consideration Continued.

(Supervisor McMahon dissenting in Committee.)

Appropriating \$100,000, Public Works, for Golden Gate Freeway Engineering Study.

File No. 391-65, Ordinance No.

The Clerk presented a communication from San Francisco Planning and Urban Renewal Association, opposing the appropriation of funds for an engineering study of the Golden Gate Freeway and urging preparation of a city-wide transportation program.

Supervisor Morrison stated that he believes the proper course for the City to take is to go ahead immediately with the study, demonstrate the feasibility, and do everything possible to see that the freeway is built. He stated that it is possible that the total cost of the study might come to \$150,000 and that the study may take longer than four months.

Supervisor Blake suggested that a representative of the City and County attend the meeting of the State Highway Commission in San Diego October 20 and 21, 1965, to request that the Commission reconsider its decision and conduct an engineering study of the Golden Gate Freeway as endorsed by the Board, thereby saving the City the cost of the survey.

Consideration Continued.

Supervisor Moscone, seconded by Supervisor Francois, moved that consideration be continued one week and that a representative be designated to attend the State Highway Commission in San Diego for the purpose of requesting that the State conduct an engineering study of the Golden Gate Freeway plan as outlined in Resolution No. 475-65, adopted July 26, 1965, such study to be paid for by the State; and that no study be made of a freeway connection to the present existing elevated Embarcadero Freeway.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, Tamaras, Tinney—10.

Noes: Supervisor McMahon—1.

Adopted.

Supervisor McCarthy, seconded by Supervisor Morrison, moved that the President of the Board of Supervisors be authorized and directed to appoint representatives of said Board and the City and County of San Francisco to attend the meeting of the California Highway Commission to be held in San Diego on October 20 and 21, 1965, with the instruction that said representatives request the California Highway Commission to reconsider its previous action relative to the San Francisco northern waterfront freeway route, and renew the request of the City and County that the State conduct and defray the costs of a further study of said northern waterfront route; provided that funds are available for said attendance.

Deputy City Attorney Roland Henning cited a court action in Monterey, California, in which the court held that the City Council has this power.

Supervisor Francois explained that if permits are issued before final adoption of a redevelopment plan, the cost of acquisition of the property could be considerably more.

File No. 377-65.

M. Justin Herman, Executive Director of the Redevelopment Agency, reviewed the redevelopment plan.

In response to questions by Supervisor Morrison, Mr. Herman explained the procedure which would be followed by the Redevelopment Agency in awarding a contract to the successful developer.

Mr. Herman further advised that the agency has insisted that at least 20,000 square feet of the area be devoted to cultural activities, and in the present processes the developer is being asked to state how he can guarantee the continuation of such cultural activities.

In response to questions by Supervisor Ertola, Mr. Herman stated that the Agency will attempt to negotiate as strong a contract as it can

to assure that at least 20,000 square feet will continue to be used for cultural purposes. If adequate assurances cannot be negotiated, there will be no Chinese cultural and trade center.

the only question to be considered is the merit of the request for such permission. Supervisor Moscone continued that he would not oppose granting the right simply because of the amount of the claim involved.

The following recommendation of Finance Committee, heretofore considered and temporarily postponed, was taken up:

Approving form of joint invitation for bids, form of bid, and form of operating lease relating to the leasing of Candlestick Park Parking Plaza for the operation thereon of a public off-street parking facility.

File No. 418-65, Resolution No. 727-65.

Nathan Cooper of the Controller's Office advised the Board that he was not able to estimate if a bidder would increase his bid if he were permitted to provide insurance for public liability and property damage with a deductible provision, since this would depend on many factors.

He called the Board's attention to the fact that the existing lease terminates December 31, 1965, at which time present insurance will lapse. If a new lease is not awarded by that time, the City will not be insured.

Vining T. Fisher, Director of the Parking Authority, stated that he did not believe there would be sufficient time to revise the forms, make the award to the highest bidder, and execute the lease prior to December 31, 1965.

Supervisor Tamaras asked if the lease could provide for a penalty for failure to maintain the park in a clean condition. Roland Henning, Deputy City Attorney, said that the lease as presently written could be terminated for failure to keep the premises clean.

In view of the facts developed, Supervisor Francois requested permission to withdraw his motion to continue consideration. No objection and request granted. However, Supervisor Francois requested that either the Director of Property or the Controller investigate further the question of whether benefit would accrue to the City by permitting future bids to be based either upon full insurance coverage or upon some reasonable deductible provision for public liability and property damage.

Adopted by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—10.

The application will probably be in a range between one and two million dollars, with 75 percent of that amount to be reimbursed by the State. Within a

Authorizing temporary closing of Seventeenth Street between (Valencia) Mission and Capp Streets November 20, 1965, for a fiesta by the Mission Area Organizing Committee of the Economic Opportunity Council.

File No. 42-65-33, Resolution No. 734-65.

The Clerk presented a communication from the Police Department advising that the Department is unalterably opposed to the closing of Seventeenth Street between Valencia and Capp Streets, listing the reasons for such opposition, and suggesting that the fiesta be held in nearby Dolores Park where it would not interfere with traffic.

Mr. Calvin Colt, Interim Director, Mission Area Organizing Committee, advised the Board that there are a number of groups in the Mission District who have challenged the right of representatives of the District; therefore, it would be useful to attract as many persons as possible, since it is planned to hold an election during the fiesta at which a permanent Board would be elected to represent the Mission District. For this reason, Dolores Park would not serve the purpose of the fiesta as well as Seventeenth Street.

Clifford Geertz, City Engineer, stated that the only strenuous objection had come from the Police Department. The Municipal Railway had no objection provided intersections are not closed.

Supervisor Tinney stated that he had discussed the proposal with representatives of the Mission Merchants Association. They objected to the original request. In a spirit of cooperation, they suggested that one of the cross streets be closed instead.

Supervisor McCarthy, seconded by Supervisor Moscone, moved that legislation be amended to provide for the temporary closing of Seventeenth Street between Mission and Capp Streets, November 20, 1965, between the hours of twelve noon and 10:00 p.m.

The following recommendation of Planning and Development Committee was taken up:

(Supervisors Ertola and McMahon dissenting in Committee.)

Prohibiting the issuance of building permits in Western Addition Approved Redevelopment Project Area A-2 unless the public health and safety require building alteration or improvement, or unless proposed alteration or improvement conforms to the redevelopment plan and is performed pursuant to an owner's participation agreement entered into with the Redevelopment Agency.

File No. 72-65-6, Ordinance No.

The Clerk read a communication from Chauncey McKeever, Attorney at Law, representing the Chinese Culture and Trade Center, Inc., sponsors of Pan Asia Project proposed to be developed in this area, advancing reasons why this proposed legislation should not be passed.

Supervisor Francois urged passage of the legislation. He stated that he did not believe the developer can build high-rise apartments with underground parking and remain within the cost restrictions of the Federal Housing Authority. The proposal of the Chinese Culture and Trade Center, Inc., will limit the amount of land available for low-cost housing in this area, for which there is a great need. Developers of the Japanese Cultural Center testified in committee that the Chinese Culture and Trade Center, Inc., proposal might be detrimental to the Japanese Cultural Center.

Supervisor Ertola called attention to the fact that Redevelopment Project Area A-2 did not originally include the block in which it is proposed to develop a Chinese Culture and Trade Center, which fact would indicate to him that it was not then considered to be of vital importance to the redevelopment of Area A-2. It would appear advisable to delete this block from the redevelopment area and permit the property to be returned to the tax roll much sooner than it possibly can under the redevelopment process.

Supervisor Ertola, seconded by Supervisor McMahon, moved re-referral to committee for further consideration.

In response to questions by Supervisors Boas and Tamaras, James R. McCarthy, Director of Planning, informed the Board that the Planning Commission's affirmative action was on the application of the Chinese Culture and Trade Center for a permit to build according to a specific set of plans. Approval of the permit application does not require the developer to carry out the project. If there were a change in the physical building plans, the matter could go back to the Planning Commission, but as far as the present plans are concerned, the Commission has no further jurisdiction.

Justin M. Herman, Executive Director of the Redevelopment Agency, stated that a request that the block which the Chinese Culture and Trade Center, Inc., is interested in developing be removed from the redevelopment project area will be before the Redevelopment Agency next week. There will be strong and detailed recommendations by the staff to the Agency members against the removal on the grounds that to do so would be a violation of obligations to the people in that area and to the Chinese community and of the direction of the Board of Supervisors to provide low-cost housing.

Noes: Supervisors Boas, Casey, Francois, McCarthy, Morrison, Moscone, Tamaras, Tinney—8.

(Supervisor McMahon dissenting in Committee.)

Appropriating \$75,000, Public Works, Road Fund, for engineering study of all alternates of Golden Gate Freeway corridor and Panhandle Freeway and authorizing preparation of agreement with State for said study.

File No. 391-65-1, Ordinance No.

In response to questions by Supervisor Boas, Supervisor Morrison explained that the Chief Administrative Officer had testified that in his opinion the study could be conducted at a cost not exceeding \$150,000; however, if the City chooses to hire its own experts, more money will be required. The Chief Administrative Officer will request additional funds if he feels at any time that this is necessary. The advantage of a joint study is that it will bring both the interest of the City and the State into play and this is perhaps the best way to make the study more effective. In regard to control of the study, Supervisor Morrison stated that this detail has yet to be worked out and will be the subject of the agreement proposed to be entered into by the City and the State. Perhaps all members of the Board would like to lay down certain guidelines for the conduct of the proposed study.

Mr. S. Myron Tatarian, Director of Public Works, advised the Board that the conditions laid down in the agreement would govern the study. The first step would be for the Board to determine the conditions it wishes to have included. Mr. Tatarian stated that in his opinion the study should be carried out primarily by the State because the State Division of Highways has sufficient staff with the technical knowledge required. The City's assistance would be in the way of assisting the State re questions of right-of-way, utility relocation, etc.

Supervisor Boas questioned the amount to be appropriated and stated that if an error is to be made in estimating the cost of the study, the

error should be made in appropriating too large an amount rather than too little. If the City relies on the State *in toto*, the City may end up with the same impasse in which it found itself in the past. Supervisor Boas said he felt the City alone should finance the study.

Mr. Tatarian reminded the Board that time is of the essence; only three months remain. It is unreasonable to assume that the City can enter into a contract with an outside firm in this length of time. The only hope of getting answers in this short time is to have the study carried out by an organization that has been involved in the problem for a long time and is intimately familiar with the details. This will be an engineering study.

Supervisor Moscone took exception to the philosophy voiced by Mr. Tatarian, stating that it was not his understanding that this would be solely an engineering study but would include other problems such as design and dislocation of persons. Supervisor Moscone continued that the important thing is to get results acceptable to the Board. If this cannot be accomplished within three months, then more time should be taken.

Supervisor Francois stated that he, too, was concerned about the possibility of appropriating money for just another engineering study. He suggested that the appropriate committee of the Board hold hearings for the purpose of adopting a statement of the conditions required by the City to be incorporated in the agreement with the State.

Supervisor Morrison advised the Board that he plans to introduce a resolution setting forth such conditions.

The Chair stated that such a resolution would be referred to committee for public discussion, and that any Supervisor could propose amendments thereto.

Supervisor Blake explained that he would vote against the proposed appropriation because, in his opinion, neither the Golden Gate Freeway nor the Panhandle Parkway will serve the people of San Francisco. The Crosstown Tunnel is the best answer to the need for a throughway, and the City should be appropriating funds to hire experts to conduct a study of the feasibility of that route.

Supervisor Francois explained that he would vote in favor of the proposal even though he has certain basic objections to construction of the Panhandle Parkway. He expressed his hope that an acceptable design for a peripheral route can be developed.

Supervisor Moscone stated that by voting in favor of the proposal he would do so in the belief that people, acting in good faith, can come to a reasonable meeting of the minds. However, if the Board is asked to accept a Panhandle Parkway which requires the taking of too much private property and too much green area, he will continue to oppose it.

Passed for second reading by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, Tamaras, Tinney—9.

Noes: Supervisors Blake, McMahon—2.

Request Granted.

Supervisor Boas requested that a letter be written to the Chief Administrative Officer asking him to furnish the Board with a statement

in writing as to his understanding of the scope of the contemplated freeway study and what role the City will play in participating in such study.

No objection and Clerk directed to comply.

Finding that the public interest and necessity require the extension of Fifth Street from Market Street to O'Farrell Street and the construction of a plaza at the intersection of Powell, Market and Eddy Streets.

File No. 286-65-1, Resolution No. 801-65.

Supervisor McMahon asked the cost of the street extension, cost of the plaza, and from what source funds would come.

S. Myron Tatarian, Director of Public Works, stated that the extension of Fifth Street to Eddy Street would cost about two and a half million dollars, which is available in the budget. The extension to O'Farrell Street would cost approximately one and a half million dollars additional, which the Department expects to request in next year's budget.

Philip L. Rezos, Director of Property, advised that gas tax funds would be used for the street extension but that he was not sure from what source funds for the plaza would come.

Edward Murphy, Assistant Director of Planning, said that there is a legal question that is presently being explored as to whether or not gas tax funds could be used for the plaza. If the plaza can be construed as a right-of-way, it is possible that gas tax funds could be used.

Harry D. Ross, Controller, advised the Board that as far as use of the plaza for a foot path is concerned, the project would be eligible for gas tax funds; landscaping would fall within the Beautification of Cities program.

Supervisor Morrison, seconded by Supervisor McCarthy, moved that the legislation be amended to provide for the extension of Fifth Street only to Eddy Street.

Supervisor Tamaras urged a "no" vote, saying that both experts and engineers are in accord that the extension to O'Farrell Street is necessary and mandatory.

James R. McCarthy, Director of Planning, stated that the extension of Fifth Street to O'Farrell Street was proposed as part of the downtown plan in 1963, to provide direct routing into the heart of the shopping district and as part of the proposal to close Powell Street to vehicular traffic.

In view of the fact that the Board will have an opportunity to review

the proposal further during consideration of next year's budget, Supervisor Morrison requested permission to withdraw his motion to amend. No objection and permission granted.

Adopted by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—10.

Absent: Supervisor Blake—I.

Reference to Committee.

(Supervisors Ertola and Moscone dissenting in Committee.)

Finding that the public interest and necessity require the construction of a plaza between Market and Eddy Streets west of the proposed extension of Fifth Street.

File No. 286-65-2, Resolution No.

Supervisor Francois, seconded by Supervisor Ertola, moved re-reference to Committee in order that the property owner might present alternate plans for development of the site.

Philip L. Rezos, Director of Property, advised the Board that property acquisition for the street extension and the plaza on the east side of the street would cost almost as much as would acquisition for those projects plus this proposed plaza on the west side, since improvements will have to be purchased in either case.

Supervisor Tamaras urged a "no" vote on the motion, stating that this plaza is necessary for proper development of the area. It will provide a means for pedestrians to cross under Market Street to the rapid transit station entrance and will stimulate development on the north side of Eddy Street.

Supervisor Moscone stated that he will support the motion to re-refer to Committee because in his opinion the Board should give the owner of the property an opportunity to develop and present his plans for use of the property.

Supervisor Morrison stated that if the owner of the property could develop this remaining portion in an optimum fashion, he would be interested in hearing from the City's architects and the Director of Planning if they would still advocate a plaza on this side of the Fifth Street extension. Plans for the Powell Street plaza should be investigated before a decision is made as to the need for this plaza.

Mario Ciampi, Architect, and a consultant to the City on Market Street design, spoke in favor of acquiring this parcel for development of a plaza.

Supervisor Morrison, seconded by Supervisor Francois, moved as an amendment to the pending motion that the legislation be re-referred to Committee with instructions to return the proposal to the Board for its consideration on or before January 10, 1966.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Ertola, Francois, McCarthy, McMahon, Moscone, Tinney—7.

Noes: Supervisors Boas, Casey, Morrison, Tamaras—4.

Hearing Held.**SPECIAL ORDER—2:00 P.M.****Hearing of all persons interested in or objecting to the proposed vacation of a portion of Maggie Alley east of Jones Street.**

File No. 419-64.

Vincent Mullins, attorney representing owner of one-third interest in the El Cortez Hotel, spoke in opposition.

Jack Dooling, representing petitioner, spoke in favor of vacation.

In response to questions by Supervisor Moscone, Bernard Ward, Deputy City Attorney, advised the Board that the only law involved is whether or not the street is needed for a public street at the present time or in the future. If Mr. Mullins' clients have an easement, the street vacation will not defeat that easement.

Richard E. Herndon, representing the owner of a two-third interest in the El Cortez Hotel, testified that his client has no objection to the street vacation, on the basis of easements which are proposed to be granted and on the representations that a hotel with a maximum of seven stories is planned for construction by the petitioner.

Supervisor Blake stated that in his opinion it would be worthwhile for one or more members of the Board to go to Washington, D.C., to discuss with representatives of the United States Bureau of Roads the possibility of extending the deadline for freeway planning for San Francisco in order that the design of any new freeways constructed here might conform to new, more desirable standards.

The following recommendation of Finance Committee was taken up:

(Supervisor McCarthy dissenting in Committee.)

(Supervisor McMahon excused from voting in Committee.)

Authorizing the City Attorney to represent the interests of the City and County before the Federal Communications Commission in the matter of investigation of rates and charges of American Telephone and Telegraph Company and the associated Bell System companies for interstate and foreign communication service.

File No. 438-65, Resolution No. 832-65.

Supervisor McCarthy explained that he had dissented because the City Attorney has the authority to intervene without permission of the Board. The purpose of the hearing by the Federal Communications

Commission is to develop facts. If an issue develops later which affects the public interest, Supervisor McCarthy stated that he would then favor the Board's adopting a resolution declaring its position.

Robert R. Laughead, Rate Engineer for the City Attorney, and Bernard Ward, Deputy City Attorney, explained that while it is true the City Attorney has authority under the Charter to intervene, a resolution of the Board of Supervisors strengthens his position. If a question of policy should develop, it would be the intention of the City Attorney to request a policy determination from the Board.

Supervisor McCarthy, seconded by Supervisor Casey, moved that Supervisor McMahan be excused from voting.

No objection and motion adopted.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, Morrison, Moscone, Tinney—8.

Motion to Consolidate for Purposes of Consideration.

Supervisor Francois, seconded by Supervisor Moscone, moved that File Nos. 19-65-3 and 19-65-8 be incorporated in one ordinance in

order that the Board might consider both together as one item, sitting as a Committee of the Whole.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tinney—10.

Absent: Supervisor Tamaras—1.

Fire Chief William F. Murray stated that the American Insurance Association had recommended that firemen not be permitted to live beyond a fifteen mile radius of the center of the City. If this recommendation is not followed, the Association has the right to charge certain deficiency points against the City, which might affect fire insurance rates. Chief Murray recommended against relaxation of residence requirements, but stated that if requirements are relaxed, he would recommend that residence not be permitted beyond a fifteen-mile radius of City Hall for members of the Fire Department.

Robert Callahan, representing the Fire Fighters Association, urged that no differentiation be made between the members of the Fire Department and other City employees.

Motion to Amend.

Supervisor Blake, seconded by Supervisor Moscone, moved that the legislation be amended by striking all specific reference to residence of members of the Fire Department.

Supervisor Ertola moved, as an amendment to the motion to amend, that a limitation on travel time—perhaps one-half hour—between residence and City Hall be included in the legislation, as well as a limitation on distance.

Motion to amend the amendment failed for want of a second.

Supervisor Francois, seconded by Supervisor Casey, moved that a vote upon the motion to amend be postponed until all testimony has been heard.

No objection and motion to postpone adopted.

Mr. Harry Albert, representing the Civil Service Commission, summarized the report of Bay Area population survey and recommendations of the Commission, a copy of which is in the file.

James J. Finn, Secretary and Assistant General Manager, Public Utilities, presented a communication and resolution of the Public Utilities Commission, copies of which are in the file, recommending that all personnel in that department be permitted to reside within a thirty-mile radius of San Francisco.

Sergeant Ford Long of the Police Department discussed the objections of the Police Department to any relaxation of residence requirements, as contained in communications in the file.

Motion to Rise and Report.

Supervisor Blake, seconded by Supervisor Casey, moved that the Committee of the Whole rise and report.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, McMahon, Moscone—5.

Noes: Supervisors Boas, Francois, Morrison, Tinney—4.

Absent: Supervisors McCarthy, Tamaras—2.

Explanation of Vote.

On Supervisor Blake's motion to amend by deleting all specific reference to the Fire Department, Supervisor McMahon stated that she intended to vote in favor, with the proviso that in the event the Chief of the Fire Department informs her that, because of changing residence requirements for members of the uniformed force of the Fire Department, the American Insurance Association charges any deficiency points against the City, she will then move to amend the residence requirements for these employees to provide for a residency within a fifteen mile radius of City Hall.

Supervisors Francois, Boas, and Tinney explained that they had voted against the motion that the Committee of the Whole rise and report because there were persons in attendance who had not been given an opportunity to make a presentation to the Committee.

Board of Supervisors Sitting as Committee of the Whole.

Supervisor Morrison, seconded by Supervisor Francois, moved that the Board sit as a Committee of the Whole.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Ertola, Francois, McCarthy, Morrison, Moscone—6.

Noes: Supervisors Boas, Casey, McMahon, Tinney—4.

Absent: Supervisor Tamaras—1.

The following persons spoke in favor of permitting all City employees to reside within a thirty mile radius of San Francisco:

Thomas McGrath, President, Carmen's Union;

Granville de Merritt, Civil Service Association;

Sgt. Peter Gardner, Police Officers' Association;

Bernard Speckman, Business Representative, Stationary Engineers Union, Local 39;

Dr. J. Maurice Rogers, Chief Psychologist, Health Department, speaking for himself.

Doyle L. Smith, Superintendent of Electrical Maintenance and Construction, Department of Electricity, opposed relaxing residence requirements, stating that in time of disaster all members of the Department have an assignment. Mr. Smith stated that it is unreasonable to expect the Department to perform if other members of the City's emergency services are permitted to reside outside the City.

The following department heads stated that they had no objection to employees' being permitted to reside outside the City:

Virgil L. Elliott, Director, Department of Finance and Records;

Ellis D. Sox, M.D., Director of Public Health;

Clifford J. Geertz, City Engineer.

Motion to Rise and Report.

There being no one else present desiring to speak, Supervisor Francois, seconded by Supervisor McCarthy, moved that the Committee of the Whole rise and report.

Absent: Supervisor Tamaras—1.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tinney—10.

Absent: Supervisor Tamaras—1.

Motion to Amend.

Pending motion by Supervisor Blake, seconded by Supervisor Moscone, to amend legislation by deleting all specific reference to the Fire Department, *adopted* by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tinney—10.

Absent: Supervisor Tamaras—1.

Explanation of Vote.

Supervisor Morrison explained that he intended to vote "no" on the ordinance because from the testimony he had heard, it did not appear that such action would solve the recruitment problem of the City service. The problem seems to pertain to specific classifications of positions and could be solved by specific measures. The Board must not only think of residency in terms of its effect on recruitment but also of its effect on the community. Most often cited as a reason for relaxing requirements is the lack of housing for middle-income families. If this is one of our most severe problems, something should be done about it. City employment should be one of the means of attracting young, middle-income persons to San Francisco.

Supervisor Blake urged an "aye" vote because of the lack of suitable housing. He continued by saying that since private employers cannot dictate where an employee shall live, the City should not either.

Supervisor Francois announced that he intended to vote in favor of the legislation because he felt City employees should be permitted to choose their place of abode. The effect on recruitment cannot be predetermined. Many employees will not move; probably most who do will move a comparatively short distance.

Supervisor Blake, seconded by Supervisor Moscone, moved passage for second reading.

File No. 19-65-8 passed for second reading as amended, the title of which is recited hereinabove by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, McMahon, Moscone, Tinney—9.
